

VILLA PROMISES TO DELIVER BENTON'S BODY TO U.S. OFFICER

Rebel Commander Fails to State However Just When Body Will Be Exhumed

WILL REVEAL THE FACTS

Nature of Wounds Will Tell Whether Benton Met Death from Pistol or by Firing Squad

CONSUL TO MEET CARRANZA

BULLETIN.

NOGALES, Sonora, Mexico, Feb. 24.—The federal gunboat Tampico, with its full crew, voluntarily surrendered to the constitutionalist officials at Topolobampo today, according to official despatches received here from the south. The surrender of the Tampico affords the insurgents their first armed vessel.

WASHINGTON, Feb. 24.—With a promise received tonight by Secretary Bryan from General Francisco Villa that the body of William S. Benton, British subject, soon would be exhumed and returned over to American officials for examination the Washington government considered that that first important step had been accomplished in its investigations of the recent execution at Juarez which has focused the eyes of the world anew on the Mexican situation.

Villa's message came to Consul General Carothers at Juarez, and as translated it said: "Benton's body would be delivered 'but not at this time.' This was accepted by Mr. Bryan as a promise that the body would be turned over as soon as the constitutionalist leader could arrange it."

From the character of the wounds discovered on Benton's body, physicians will be able to say whether Benton was killed by a pistol shot, as his friends claim, or by a firing squad as Villa asserts. It is generally admitted in official circles that such an examination will be of great value in either affirming or disproving an important point in the general explanation of the affair made by Villa.

Developments were many in the situation that has arisen out of the killing of Benton. Secretary Bryan asked American Consul General Carothers to confer with General Carranza over the affair. The secretary talked with acting Chairman Shively of the senate foreign relations committee and then at length with President Wilson. The incident was fully discussed at a cabinet meeting.

Sir Cecil Spring-Rice, the British ambassador, later called on Secretary Bryan and arranged for the visit of British Consul Percival to El Paso to supplement the American inquiry though not to interfere with it. The secretary then conferred again tonight with the president.

No Hasty Judgment.
Cabinet officers indicated clearly that official judgment of the Benton incident would not be hasty and that the government was occupied just now in gathering the facts. Details of the character of the American investigation were not officially known here until the publication of despatches from London today giving the text of Secretary Bryan's message to the British ambassador. The fact that the United States had instructed its consuls to have the body exhumed and examined; and to employ legal assistants and examine witnesses indicated the far reaching nature of the inquiry. In addition to this Secretary Bryan announced that a communication be telegraphed for presentation to General Carranza by an American consul asking the rebel commander-in-chief for more information about the Benton incident. The secretary denied this took the form of any general representations about foreigners, saying it was confined entirely to the Benton incident. In some quarters the sending of a communication to Carranza about Villa's act was regarded as involving a technical recognition of Carranza's jurisdiction over Villa but Secretary Bryan tonight stated positively he regarded today's message as similar to others which previously been presented by American consuls to Carranza and de facto authorities in Mexico.

Upon receipt of information from Carranza and the progress of the inquiries at Juarez both by the American consuls and the British consul at El Paso, the developments of the next few days seem to hinge.

Specifies No Special Time.
Secretary Bryan did not know tonight just when the body of Benton would be given up by Villa. All the information he had, he said, came in a telegram from Consul General George C. Carothers at Juarez, who said General Villa had telegraphed him his willingness to give up the body but not at this time. No time was specified. Villa also said he would make an additional statement about the execution of Benton.

Incidentally, the British ambassador telegraphed Mrs. Benton that if

INTERRUPTION TO MAIL SERVICE INVESTIGATED

COMMITTEE DOES NOT REACH SUB- JECT OF ALLEGED MOYER DEPORTATION

Strikers Declare They Got no Mail Dec. 10th Because the Postmaster at Mohawk Had Gone to Calumet to Participate in Citizens' Alliance Parade—Representatives of National Guard May Reply to Strikers' Charges.

HANCOCK, Mich., Feb. 24.—Interruptions to the mail service, one of the subjects the congressional committee was authorized to investigate in relation to the copper miners' strike, were inquired into today, counsel for the striking mine workers presenting all the witnesses but one. So much time was consumed in this manner that the committee did not reach the alleged deportation of Charles H. Moyer, president of the Western Federation of Miners. After two strikers had testified at the morning session that they were unable to get their mail at Mohawk postoffice on Dec. 10th, because the postmaster had closed the office and had gone to Calumet to participate in the Citizens' Alliance parade, Walno Hiltunen, 18 years old, was subpoenaed as the committee's witness. He said the office was closed at noon on that date and mail arriving in the afternoon was not distributed until the next day. Art Foley, the postmaster, had shut up the office to march in the parade, he declared.

Several witnesses testified as to alleged assaults made upon them by deputies and soldiers. Representatives of the National Guard decided today to offer evidence in answer to the strikers' charges. Provided the governor approved. Earlier in the day O. N. Hiltunen reiterated the attitude of the miners which was to the effect that they demanded only to be taken back without discrimination on account of their unionism. In reply A. F. Rees, declared the mine companies would never employ any members of the Western Federation of Labor.

MINNESOTA FARMERS WANTED FOR FRAUD IN DANVILLE

FARGO, N. D., Feb. 24.—Edwin and Walter McCormick, brothers and prominent farmers of Clay county, Minn., were arrested today by United States Marshal Buckman, charged with fraud at Danville, Ill. It is alleged that the men known as Walter Cassway formerly lived in Danville, where they, as bankrupts failed to surrender their entire property to their creditors, but came with the proceeds to Western Minnesota and each purchased a large farm. They had been here three years.

CONSECRATED BISHOP.
St. Louis, Mo., Feb. 24.—Rev. Henry Althoff was consecrated bishop of the Belleville, Ill., diocese of the Catholic church today. The consecration was performed by Archbishop Quigley of Chicago. He was assisted by Bishop Muldoon of Rockford, Ill., and by Bishop Rhode of Chicago.

The body was produced by the constitutionalists—and it is probable that it immediately will be turned over to the widow—she would immediately have competent surgeons examine it. Army surgeons here say the condition of the wounds will establish at once whether Benton was killed by a firing squad or by a pistol shot. These surgeons also say it would be impossible successfully to conceal a murder after discharging rifle bullets into a dead body because of the radical difference in the wounds inflicted upon a living person and a corpse. That the interest which the American people are taking in the Benton episode is pleasing to Great Britain was evidenced when the British ambassador conferred with Secretary Bryan.

To Have U. S. Protection.
The ambassador had been instructed to obtain from Secretary Bryan what amounts to safe conduct for British Consul Percival who will investigate at first hand the circumstances of the killing. Mr. Percival whose post is Galveston, Texas, is charged with looking after British subjects in all parts of Texas and New Mexico and is fully authorized to act in El Paso. If it should become necessary for him to go into Mexico he will have all the protection the state department here can secure for him, according to Secretary Bryan's promise to the ambassador.

Unable to Locate Bauch.
Consul Letcher reported today his inability to locate Gustav Bauch in Chihuahua although General Villa had been quoted as saying that Bauch was transferred from Juarez to the Chihuahua jail. As Consul Letcher's report did not state whether he had sought Bauch in jail, a supplemental instruction was directed to him today to send a list of all Americans under arrest in Chihuahua. No news has been received concerning the whereabouts of Harry Compton and the ranchman Curtis whose whereabouts is in doubt.

Secretary Bryan today intimated that he had been considering the possibility of establishing a marine guard for the American legation at Mexico City following the example of some of the European government and Japan but said he had not yet reached a decision on that point.

Tomorrow the senate foreign relations committee will meet to consider the Mexican problem among other things and Secretary of State Bryan will appear.

COURT OF APPEALS REVERSES DECISION

COURT HOLDS THAT CHAS. W. BECKER IS ENTITLED TO FAIRER TRIAL

Former New York Police Lieutenant Convicted of Murder of Herman Rosenthal Will Have New Trial—Convictions of Four Gunmen Are Affirmed.

Albany, N. Y., Feb. 24.—The conviction of Charles W. Becker, a former New York police lieutenant of the murder of Herman Rosenthal was reversed and the convictions of the four gunmen for the same crime were affirmed today by the court of appeals.

Justice Goff, the court held, erred in many of his rulings at Becker's trial and appeared to be prejudicial in his attitude toward the defendant. The reversal was based solely on these grounds. No attempt was made by the court to say whether the weight of evidence against Becker was sufficient to warrant his conviction. It was pointed out however, that the testimony against him was given by witnesses of low class and as much of it was open to doubt, he, therefore, was entitled to a fairer trial than he received.

All of the seven members of the court, except Judge Werner, who acted as presiding judge, when the appeal was argued concurred in the prevailing Becker opinion which was written by Judge Hiseck. In a dissenting opinion Judge Werner said in the main contentions of the state had been amply proven to warrant conviction.

The much mooted question as to the status of Sam Schepps, whom the jury in the Becker case decided was not an accomplice to the crime still is unsettled. The prevailing opinion merely said there was doubt in the minds of some of the court as to the propriety of excluding Schepps as an accomplice.

Decision is Unanimous.
The decision in the case of the four gunmen "Gyp the Blood," "Lefty Louie," "Dago Frank," and "Lefty Louie" was unanimous.

They had averred that the evidence against them was insufficient to warrant conviction and also that the court had erred in handling their cases but these contentions were held by the court to be groundless. The date for the execution of the gunmen will be fixed by the court within a few days.

The death warrants are in the clerks' office ready for the signatures of the judges when they decide when the electrocutions shall take place. The law provides that the date of execution shall not be deferred more than six weeks after the judgment of conviction has been announced. The court of appeals, however, usually allows only five weeks to elapse. If precedent is followed the gunmen will be electrocuted during the latter part of March.

May Never Be Re-tried.
New York, Feb. 27.—Joseph A. Shay, who became Becker's chief counsel after his conviction said today, that he did not believe Becker would ever be re-tried.

"Thank Heaven," he said, "that our highest court will not be a party to a shameful execution simply to satisfy a public clamor. I do not believe Becker will ever be re-tried. He is innocent and should go free. If he should be re-tried I have evidence to bring about his acquittal."

Mrs. Becker is Happy.
New York, Feb. 24.—"I am the happiest woman in the world," declared Mrs. Becker who was informed of the reversal by Attorney Shay. Her face was wreathed in smiles, although her mother died yesterday. On hearing of the decision Mrs. Becker hurried to the office of her husband's attorney which was crowded with men. Her eyes fell upon Shay and she ran through two rooms to reach him, throwing her arms around his neck and kissing him.

She said she was sure her husband would never be tried again but declared she hoped he would be in order that he be acquitted and freed of all suspicion.

SPARKS FROM THE WIRE

SAN FRANCISCO, Feb. 24.—Because she married another man Abraham Pepper of Tacoma, Wash., called Mrs. Dorothy Johnson, his former sweetheart and bride of a week into the hall of the hotel here moon today, shot her dead at her husband's feet and then shot himself.

CHICAGO, Feb. 24.—A spark from an electric arc today ignited a celluloid eye-shade worn by R. W. Miller, employed at the Blue Island power plant. The shade burst into a mass of flames and before Miller could tear it from his head he fell to the floor unconscious. He died from his burns.

SEATTLE, Wash., Feb. 24.—Mrs. J. E. Nosler, a 120 pound police-woman on the water front, broke up a ring fight between two heavy-weight longshoremen, arrested the fighters and took them to the police station. The two submitted meekly when the police-woman showed her star and the crowd cheered Mrs. Nosler.

LOS ANGELES, Cal., Feb. 24.—Chief of Police Sebastian's home was entered today while he was downtown at his office and jewelry valued at \$300 taken.

FIFTY THOUSAND CHICAGO WOMEN CAST FIRST VOTE

Many Do Not Vote to Avoid Allying Themselves with a Political Party

NOT ALL SUCCESSFUL

Women Candidates for Alder- manic Nominations Only Partly Successful—Vote for Men

PREDICT LARGER VOTE LATER

CHICAGO, Feb. 24.—Fifty thousand Chicago women voted in the primary election today. It was their first chance to express themselves at the polls since the legislature granted them the right of suffrage, but many who were registered refrained from voting in order to avoid allying themselves with a political party.

The eight women candidates for aldermanic nominations were only partly successful.

In some cases their male opponents received the votes of more women than did the female candidates. In the first ward Miss Marion Drake defeated Karl N. Wehle for the Progressive nomination. She received the votes of 114 men and 148 women against Wehle's 7 men and 14 women. John J. Coughlan, Democratic candidate for re-election received the votes of 1,600 men and 96 women.

In the second ward Miss Sarah M. Hopkins was third of the four Democratic candidates. Thomas T. Hoynes, the victor, received the votes of 621 men and 1,540 women. Two hundred and twenty-eight men and 236 women voted for Miss Hopkins. More than 1,000 women in this ward cast their votes for William R. Cowan, the Republican candidate.

Lydia A. McDermut, Gertrude R. Dubin and Maude J. Ball, Socialist candidates in the seventh, twentieth and thirty-first wards, had no opposition and received few votes, male voters predominating.

C. P. Is Still Blocked.
The Chicago, Peoria & St. Louis road is still snow bound, so far as this division is concerned. An engine was started from this city Tuesday morning and did not arrive at Litchfield until noon. A little more than two miles north of Litchfield it struck a large drift and made little progress through the snow. Last night the supply of water and coal on the engine was running low and it was thought that it would have to return to the city before any further progress could be made. The drift that separated it from the passenger train, which left the city Sunday night, is about a quarter of a mile long. Last night Chandler left that place for the south and it is probable that the tracks will be cleared in order that the train can resume its regular trips today.

The Wabash was able to clear up its accumulation of trains in this city Tuesday. Two of the trains were consolidated and sent east at 6 o'clock Tuesday morning and one was sent west at 7:15 o'clock. This train encountered a drift at Chapin that delayed it for some time. The east bound passenger No. 4, due here at 8:30 a. m., Tuesday morning got through at 11 o'clock and the 5:18 west bound train was one hour and forty five minutes late. No. 12, due here at 9:45 o'clock last night started out from Quincy making local stops, and arrived here shortly after 11 o'clock. Two trains were annihilated yesterday, the 1:20 p. m., west bound and 6:30 p. m., east bound. A freight carrying thirty one cars of meat from Kansas City went through the city last night and was making good time, notwithstanding the snow. It is expected that all of the trains will be able to run on regular schedules today.

Five Decatur Lines Still Blocked.
Decatur, Ill., Feb. 24.—Traffic out of Decatur is still blocked on five steam lines and one interurban road as a result of Sunday's storm. The Wabash is operating all trains tonight, and the Illinois Central has a line clear from Centralia to Clinton. Traffic on the Chicago, Hamilton & Dayton both east and west has been abandoned and also on the Illinois Central to Champaign.

No trains on the Vandalia have entered the city for two days but a train from Terre Haute is expected Wednesday morning. Peoria by way of both the Illinois Central and Vandalia is still cut off and it is doubtful if trains will be resumed before Thursday.

Peoria Primary Election.
Peoria, Ill., Feb. 24.—One hundred and fifty-seven women went to the polling places and cast their ballot in the municipal primary election here today. The total vote was 2,284. The normal vote for the city of Peoria is 16,000.

Women Busy at Granite City.
Granite City, Ill., Feb. 24.—Women voters crowded the registration places in all the wards at the primary election here this afternoon. In spite of the severe cold spell, the women equalled, and in some wards outnumbered the men, who registered during the afternoon.

Weather Cuts Down Vote.
Springfield, Ill., Feb. 24.—About 900 Republicans, 750 Democrats and 125 Progressive votes were cast in today's township primary for the nomination of members of the Sangamon county board of supervisors. The vote was small because of the severe cold and snow. Exactly 239 women voted. There were only 1,205 women qualified to vote today. The percentage of women voting, who were registered, was greater, however, than the men.

RAILROAD TRAFFIC IS BEING RESUMED SLOWLY

ALTON BROUGHT TRAIN THROUGH LATE LAST NIGHT

Wabash Road Has Cleared Tracks and Has Several Trains Moving—Burlington Schedule Nearest Normal—C. P. & St. L. Passenger Is Still Blocked.

Railroad traffic on the lines rounding to normal Tuesday night and it is expected that regular schedules will be resumed on all roads, with the possible exception of the Chicago, Peoria & St. Louis, this morning.

Two trains arrived in the city from the north on the Chicago & Alton Tuesday, No. 33 and No. 71, which were only a little late. Both were held in this city, as the track south had not been cleared. The Jacksonville-St. Louis accommodation, which was stalled at Davis switch Sunday night, was freed from the drift Tuesday afternoon and arrived in this city about 5:30 o'clock. This did not clear the track, however, as one of the engines jumped the track in its efforts to get the train through. A wrecker from Roodhouse was brought up and cleared the track last night, letting No. 16 which was waiting at Woodson, come north at 9:50 last night. This was the first train from the south on the Alton since Sunday night. At the local passenger station Tuesday night it was stated that the tracks will be cleared to allow trains to resume their regular schedules today.

Burlington Gets Trains Through.
The Burlington, although it experienced no little difficulty and delay managed to get four passenger trains through the city Tuesday. The early morning train south, which is due here at 7 a. m., was only about 15 minutes late and proceeded on south to Litchfield. The north bound train, due here at 11:20 a. m., struck a drift between this city and Pisgah, which delayed it about 2 hours and 35 minutes, and engine troubles added to delays kept it from arriving here until 4 o'clock Tuesday afternoon. This train was sent on to Concord, and then returned to this city at 7 o'clock, continuing south from here. The passenger train was pulled by one of the largest freight locomotives used on this division, one of the 5200 series, and made the trip from Centralia. Two snow plows were at work last night and some freights, which carried only half a load, 2,000 tons—were started north.

MILLIONAIRE CLUBMAN SOUGHT BY GOVERNMENT

J.H. WHITNEY CHARGED WITH VIOLAT- ING MANN WHITE SLAVE ACT

Chief Deputy U. S. Marshall George Burnham Starts for Rocklin Where Whitney Resides on \$3,500,000 Estate Left Him By His Father to Serve Federal Warrant.

SAN FRANCISCO, Cal., Feb. 24.—A warrant for the arrest of J. Harker Whitney, millionaire clubman, was issued tonight by John W. Preston, United States district attorney, charging violation of the Mann white slave act. George Burnham, chief deputy United States marshal, started tonight for Rocklin, near Auburn, where Whitney is residing on the \$3,500,000 estate left him by his father. The warrant was issued after a federal grand jury investigation. The woman in the case gives her name as Miss Genevieve Hannan and her address as the Plaza Hotel in New York. According to her story, she met Whitney at the Plaza Hotel in the early part of 1913 and on his promise to marry her, she says, she accompanied him to Atlantic City, Boston, Denver, Seattle, Vancouver, Victoria and finally to San Francisco.

CHARGES BRING HOT DEBATE IN THE SENATE

Senator Norris Asserts That Some One Had Stolen Two Hundred Mil- lion Dollars From New Haven R. R. Stockholders.

Washington, Feb. 24.—Charges by Senator Norris that some one had stolen \$200,000,000 from the stockholders of the New York, New Haven & Hartford railroad, precipitated a hot discussion in the senate today, several of the New England senators insisting that Senator Norris was guilty of loose and unwarranted language. Senator Norris retracted nothing, however, insisting that his statements were warranted and that the adoption of this resolution under debate would have a salutary effect. The resolution would direct the attorney general to inform the senate if he is negotiating in regard to the reorganization of the New Haven system and if so to give to the senate certain details. It asks specially whether any completed agreement between the department and railroads provides immunity from prosecution to anyone connected with the railroad and whether it contemplates the surrender by the railroad company or any of its stockholders the right to bring action for damages on account of past misappropriations of funds.

Senator Lodge served notice that he would speak tomorrow against the resolution.

NEW CHICAGO SYNDICATE OFFERS \$1,000,000 FOR CUB STOCK

CHICAGO, Feb. 24.—A new syndicate of prospective buyers of the Cubs, the fourth to enter the bidding sprang up on the West Side and a representative was dispatched to Cincinnati tonight with instructions it was said, to offer an even \$1,000,000 for the entire club. The representative was Frank J. McNichols, former ball player and a member of the state legislature. It is the intention to make McNichols president of the Cubs providing it can obtain control of the stock.

NO WORD OF COLLIER.

Halifax, N. S., Feb. 24.—Search by the government ice-breaker Stanley and the government Steamer Lady Laurier, brought no word today of the Collier Linsang of the Dominion Coal Co., which was due at Louisbourg last Thursday. Fears were expressed that she had struck an ice floe and foundered about thirty miles south of Louisbourg. She carried a large crew.

WEATHER INDICATIONS AND TEMPERATURES.

WASHINGTON, Feb. 24.—Illinois—Fair Wednesday and Thursday, warmer Wednesday; moderate and variable winds becoming southwest. Temperatures.

The current, maximum and minimum temperatures recorded Tuesday were:

Place	Max	Min
Jacksonville	11	20
Boston	10	18
Buffalo	8	10
New York	12	16
New Orleans	40	42
Chicago	21	21
Detroit	14	18
Omaha	22	24
St. Paul	38	40
San Francisco	54	60
Winnipeg	18	22

and Beardstown. Three snow covered trains on the Wabash chafed together because of drawbars being pulled out, were pushed into Springfield today from snow drifts near Jacksonville. The Chicago, Peoria & St. Louis resumed traffic today between Springfield and St. Louis, and Peoria and Peoria. Those injured last night in the Illinois Traction System sleeper wreck were doing nicely today.

Severe cold today added to the inconvenience of passengers from trains who had been forced to take refuge in farm homes and who today again sought to reach their destinations.

AUTOISTS' "LOBBY" OPPOSES ROAD BILL SAYS SHACKLEFORD

Highways Proposed by A. A. A. Are "Peacock Lanes for High-Brows"

SEES "NEFARIOUS LOBBY"

Representative Declares Auto Clubs Supply Coin to Fight Opponents of Motor Road Bills

OTHER NEWS OF WASHINGTON

WASHINGTON, Feb. 24.—Transcontinental highways proposed by the American Automobile association were characterized today as the "peacock lanes over which the members of this high-brow, joy-riding association may strut" by Representative Shackelford of Missouri, attacking what he called the "editorial canning factory maintained by the organization to promote the measures favored."

With funds the organization collected from its 451 subordinate automobile clubs and the like, Mr. Shackelford declared, a "nefarious lobby" was maintained in Washington and the "all-essential long green" was collected to fight the resolution of opponents of motor road bills.

He read a letter from the president of the association to a member in Kansas City, Mo., urging that support be withdrawn from the Shackelford \$25,000,000 good roads bill now before the senate having passed the house. The measure provides for dirt roads in rural free delivery districts.

Immediate investigation of Representative Shackelford's assertions was proposed by Representative Borah of Missouri in a resolution introduced as soon as his colleague finished speaking. The resolution which referred to a committee of five to investigate what, if any, persons or associations have been engaged in maintaining a lobby.

Approve Program.

Formal approval was given the admiralty program by the house naval affairs committee today, after the "small navy" men had made their final stand against it. The navy department's construction plans were changed so as to provide for six instead of eight destroyers and for additional submarines. As reported to the house the bill carries \$140,200,000 exclusive of amounts to be spent for armor and armament and fixes the building program for the coming fiscal year as follows:

Two first class battleships of the highest speed and largest possible radius of action to rank among the world's dreadnaughts, \$7,800,000 each exclusive of armor and armament.

One powerful 1,200 ton 21-knot, seagoing submarine, \$1,100,000.

Six torpedo boat destroyers, \$925,000 each.

Three coast defense submarines of 500 tons each, \$620,000, designed for use on the Pacific coast.

Four harbor defense submarines of the type \$375,000 each intended for use on the gulf coast and at Panama.

The two battleship program was approved, 14 to 4. Representatives Trible, (Ga.); Hensley, (Mo.); Witherspoon, (Miss.); and Buchanan, (Ill.) voting in the negative.

Should Check Postmaster.

Warning that unless the postmaster general was checked "bales of hay and bushels of potatoes" soon would be going through the mails was given the senate today by Senator Bankhead, chairman of the postoffice committee. Mr. Bankhead declared that the postoffice was running riot in the matter of parcels post business and that the government was operating the new service at a loss.

Does Not Recognize Wilson.
President Wilson took a long brisk walk through the snow covered streets of the capital today. Few people recognized him as he swung along rapidly through the crowds on the principal business thoroughfares.

On his route back to the white house the president determined to take a short cut through the long corridor of the interior department. At the entrance he was confronted with a sign "no visitors admitted after 2 p. m." when the president opened door an aged door-keeper stepped forward and carefully eyeing the intruder finally asked:

"Well, what do you want?"

"I'm Mr. Woodrow Wilson," answered the president with a smile.

"Well, well," said the doorkeeper nervously, "I thought your face looked familiar."

GREAT MAJORITY APPLY.

Washington, D. C., Feb. 24.—Official count by treasury officials today showed 7,465 national blanks have applied for membership in the federal reserve system that 18 banks have notified the organization committee that they will not apply and ten have not been heard from.

FARMERS HAVE STRENUOUS TIME IN REACHING THE CITY

Homer Cully and Sons Traveled for Three Hours Across Fields—Harry Rice and George Hagan Walked From Arnold.

One of the few Morgan county farmers who reached Jacksonville yesterday was Homer Cully whose farm is 6 miles northeast of Jacksonville. With his sons, Claude and Turner Cully he started with his sled and team from his home at 9 o'clock and after 3 hours strenuous travel he managed to reach the city. After passing the farm of his father, the roads were so badly drifted that he turned into a field and kept cutting across country until after passing through the Cronwell and Wiswell farms he reached the Springfield road. Then travel was comparatively easy although the snow is badly drifted at various points along that highway. Mr. Cully and his sons when he left home put an axe, hammer, nails and other equipment in the sled ready for letting down wires and fences so as not to impede their progress and a shovel too was ready for use in getting through big drifts. It was a strenuous trip but Mr. Cully had business in town which made it quite necessary for him to get here.

Another farmer who came to the city was Harry Rice who lives on the Rice farm not far from Arnold. After waiting at the station for a couple of hours he decided to walk to Jacksonville and did so coming in on the Washburn track accompanied by Fred Hogan. By this means of travel they arrived several hours ahead of the train and about 6 o'clock last night Mr. Rice started home by the same route he traveled in coming to the city.

3RD WARD PRIMARY GRADES. GIVE WASHINGTON PROGRAM.

The pupils of the first, second and third grades of respectively by Miss Mary Clampt, Miss Kate Lavelle and Miss Flossie Proctor gave a Washington Birthday program Tuesday afternoon which was much enjoyed by those who heard it and reflected much credit on the teachers of the primary rooms who trained the children for the exercises.

The program:
Song, "America"—School.
"Something to Remember"—Roland Gardner.
"Washington's Birthday"—Maxine Harlan.
"The Boy Washington"—Louis Gard.
"Something Better"—Dorothy Fiedler.

"Which General?"—Paul Murphy.
Song, "I know three little Sisters"—First grade.
Dialogue, "Washington's Mistake with his Hatchet"—Second grade.
Song, "Story of the Hatchet"—School.

"F-c-h"—Fred Smith.
"The Birthday Month"—Vivian Carlisle.
"Why we Come"—Florence Haneline.
"Hurrah for the Hatchet"—Henry Boston.

"Washington"—Allen Smith.
Song, "Hail Fairest Land"—Third grade.

Pupils of the upper grades joined in an interesting program which was under the general direction of Miss Dresser. This program which was greatly enjoyed was in brief as follows:

Ode to Washington.
Song—Mrs. Vernon Bells.
Reading—Miss Dresser.
Star Spangled Banner.
Salute to the Flag.

HAD LONG ROODHOUSE VISIT.
From Monday noon until Tuesday night William N. Hairgrove was an unwilling visitor in Roodhouse. Now Mr. Hairgrove has friends in Roodhouse all right but he had too much business here at home demanding his attention to permit of his enjoying the vacation of a day and a half.

In St. Louis Sunday Mr. Hairgrove made one of the principal addresses before an audience of four thousand people when the new home of St. Louis Eagles was formally opened. He left St. Louis Monday morning and reached Roodhouse at noon. He spent most of the afternoon and many hours of Tuesday in walking back and forth from his hotel to the depot to ask about trains and then in trying to devise some way to reach Jacksonville without waiting for service to be resumed on the Alton. He made an effort to get over to West Roodhouse and tried to bribe a livery man to take him to White Hall in the hope of being able to catch the Burlington and come home by way of Concord. But the efforts were in vain and he finally had to content himself with being a passenger on the first Alton train out of Roodhouse. The train left there about 5:30 o'clock but was held at Woodson for nearly three hours until the wrecker at work there had placed a disabled engine on the tracks, reaching Jacksonville about 10 o'clock last night.

MANY TRAVELING MEN REMAIN IN CITY.
A traveling man who resides in Jacksonville stated yesterday that it was estimated that 200 men of the grip were detained in Jacksonville on account of the big snow storm. Several men who reside outside of the city have been forced to remain here and some who started out on the trains which they thought could make the trip, were forced to return to the hotels and their homes.

TOURNAMENT CLOSE AT HAND

DRAWING FOR PLACES WILL TAKE PLACE TO-DAY.

Local Management Is Fast Completing Arrangements For District Meet, Which Will Include Over 20 Schools and Last For Three Days. Schedule For Games and Officials announced.

Plans are almost perfected for the big district basketball tournament of High schools, which will take place in Strawn's Hall, Thursday, Friday and Saturday. 22 teams have entered and the list was so large that the management had to add another day to the meet, in order to run off the schedule.

Teams to Enter.
Among the teams to enter are Canton, White Hall, Good Hope, Ipava, Alton, Pittsfield, Griggsville, Granite City, Virginia, Litchfield, Edwardsville, Bluffs, Springfield, Petersburg, Quincy, Yates City, Carlinville. Yesterday Supt. Collins was busy notifying all the high schools to enter of the arrangements and answers have been received from all, excepting Alton and Granite City, and they will be heard from today.

Drawing This Afternoon.
The drawing for the matching of teams will be held this afternoon at 2:30 o'clock at the Y. M. C. A. A number of the teams have signified their willingness to let any reputable citizen draw for them. Griggsville will be represented by their coach, "Shorty," Waters, Springfield, by either Frisbie or Wilson, of Illinois College. It is the intention of the management to see that the drawing is conducted along the lines of the most rigid honesty, so that no school can say that they received a poor deal.

Schedule of Games.
According to the schedule there will be 26 games played, nine on Thursday, nine on Friday and eight on Saturday. The first game will be played Thursday morning at nine o'clock. The games in the afternoon will commence as near 1 o'clock as possible and those of the evening at 7 o'clock. As the schedule looks, there will be three games in the morning, three in the afternoon and three at night. It may be possible to run off four games in the afternoon, if too much time is not occupied by playing. On Saturday night the big championship game will be played.

Players Will Be Numbered.
The fans will be delighted to know that each man playing on the floor will have a number, which can be found on the score card. This will enable all the spectators to readily know the name of each man.

Getting Hall in Shape.
The local management is fortunate in having Strawn's Hall in which to play. It is large, easy of access and has a seating capacity of over 600. Extra seats will be provided and the comfort of the spectators will be looked after. The hall will be heated, ample light and the floor put in the best condition possible. The members of the Domestic Science class at the High School have arranged to furnish lunch during the day on the balcony. The J. H. S. band will also furnish music between games.

Students Organized.
There is a perfect organization among the students for looking after every detail of the tournament. Some will be dispatched to meet all the trains and the players will be escorted to the Y. M. C. A., where they will find waiting for them a list of places, where they can find room and board at reasonable prices. Aside from the hotel quarters will be secured in private homes. As soon as the drawing are made this morning, Supt. Collins will notify the schools, so that the teams who do not play on the first day need not come if they so choose.

Officials of Meet.
The officials for the tournament as announced by Vice-president J. H. Newton for Jacksonville are: Ralph Tenney of Decatur and William Duerr, secretary of the Decatur Y. M. C. A. The official scorers will be Paul Wells and Charles Widmayer and Prof. J. H. Rayhill, will be the head timekeeper.

J. H. Team Crippled.
The Jacksonville team is in somewhat of a crippled condition, so that just at present their chances for tournament honors are not so bright. Boxell is injured and Smith is home sick, both of whom could not get in the game last night. The other players are Julian Pyatt and Edwin Pyatt, Reynolds, Hembrough and among the second team men are Wait, Whitlock Mayer, Strawn Sutherland and Berryman. This early in the season it is difficult to tell the strength of the various teams but it looks now as though Springfield, Quincy Pittsfield and Griggsville together with J. H. S. will be strong contenders for the coveted honors.

LEE CARROLL FALLS DOWN FLIGHT OF STAIRS.
Lee Carroll, who was in attendance at the Washington celebration at the K. of C. hall last night, had the misfortune to fall down the flight of stairs leading to the hall about 8 o'clock. He slipped on a quantity of snow on the top step and fell almost half way down the stairs before he caught himself. He was dazed by the fall when friends reached him. Later he was taken to the office of Dr. W. P. Duncan on East State street, where some stitches were necessary to close wounds on his head. Nothing serious is anticipated although the bruises are painful.

Miss Esther Autrobus of Chapin, who has been a guest at the home of F. R. Lutterfield, returned home yesterday.

WILL COMPEL RAILROADS TO LIGHT CROSSINGS

Much Agitated Action is Again Before Council—Telephone Companies Must Remove Dead Wires.

The city council held a brief adjourned session Tuesday morning when business principally relating was given attention. The roll call showed Mr. Engel absent.

The minutes of the last meeting were read and approved and under reports of departments Mr. Brennan stated that both telephone companies had dead wires which crossed city light plant wires and are a source of danger. He expressed an opinion that an effort should be made to have the companies remove these wires. Mr. Knollenberg with a motion that notices be sent to the companies to this effect.

The post and poll tax ordinance, which was passed a few weeks since by the council came up for some discussion and there seemed to be some uncertainty as to whether the measure should be enforced at this time. The matter was referred to Mr. Knollenberg to take whatever action he deemed wise and expedient.

The matter of compelling the railroads to furnish lights for their crossings was again brought before the council. Mr. Newman, with a second by Mr. Brennan made a motion that the railroads be formally notified that they must furnish electric lights for all railroad crossings inside the city or that the council would take the necessary legal steps to enforce observance of the request. The council then adjourned.

NOTICE WOODMEN.
Members of Camp No. 912 are requested to attend the funeral of Neighbor C. C. Andrews, this afternoon at 2:30 o'clock, at the residence No. 549 South Diamond street. Members of Camp No. 132 and visiting Neighbors are invited.
J. Carl Joaquin, Consul.
H. H. Vasconcellos, Clerk.

SPECIAL FOR TODAY APPLE PIE IDEAL BAKERY, STATE ST.

AT THE GRAND TOMORROW.
That dainty lasser "The Girl of My Dreams" having visited many cities to ascertain her personal popularity now seeks the smile and plaudits of our local theatregoers at the Grand Opera House Thursday, Feb. 26.

"The Girl of My Dreams" is the joint work of Wilbur D. Nesbit and Otto Haenerbach; the late Karl Hoschna is responsible for the music of melodious tunes and jingling airs—the same Karl Hoschna who wrote the haunting theme in "Madame Sherry," "Every Little Movement." Frank Smithson is the state producer and his work is free from any vagary or overworked stage effects. All of the dances arranged for the principals are graceful waltz movements and sprightly galops. Many novel chorus numbers are worked into the songs, most noteworthy of which are the ones illustrating "Dear Little Games of Guessing" and "Dr. Tinkle Tinker."

See the big vaudeville and picture program at the Grand tonight; special prices of 5 and 10 cents. Complete change of program.

T. D. WILSON OIL COMPANY CHANGES HANDS

Business Passes Into Possession of J. S. Alkire.

Through a deal which was consummated Tuesday afternoon, the T. D. Wilson Oil Company plant passed into the hands of J. S. Alkire. The Wilson firm was started some fifteen years ago by the late I. D. Wilson and since his death three years ago, the business has been conducted by his son Frank Wilson. Mr. Alkire purchased only the gasoline and oil business and with it two teams and other property at the plant east of the city. The establishment is situated on land belonging to the Washburn railroad. Mr. Wilson expects to continue in the paint department of the business. Mr. Alkire will take possession at once.

MEN WORK ON ROADS.

Tuesday a force of men engaged in work on the roads at Litchberry and managed to clear a stretch two miles east and one mile west from the town. It was reported yesterday that the road between this city and Arcadia was clear.

A number of young ladies from the Woman's College were also on board. They reported a hard time in a drift a few miles from the city and it took two big engines to get them out.

The passenger engine is light and the snow almost covered it in the drift.

At the D. A. R. entertainment, which is to be given at the School for the Blind Thursday night, the program will be presented by members of the D. A. R. and the chorus of the blind, directed by Miss Lillian Smith.

WILL OPEN NEW FURNITURE

STORE ON EAST STATE STREET

Harry R. Hart Will be Proprietor of Establishment to Open in About Two Weeks—Will Continue in Present Position—Otis Jolly to be Store Manager.

While Harry R. Hart, deputy county clerk has made no definite announcement of the fact, it is understood that in about two weeks time he will open up a new furniture store on East State street. The business is to be located in the Ironmonger building between the Gause and Lock establishments and some changes and improvements are now being made in the store room.

Mr. Hart will not resign his present position but will continue to give his full time at the court house and will place the management of the store in the hands of Otis Jolly, formerly of Franklin and now a resident of Jacksonville. Mr. Hart prior to coming to this city to accept a deputyship in the county clerk's office had about 15 years experience in the furniture business, part of the time associated with his father and a part in business alone.

Mr. Jolly at various times held a position with the Hart furniture establishment in Franklin and he has thus had a considerable experience in the business. Mr. Hart, it is understood has already purchased a large stock of furniture, rugs, oil cloth, linoleums and other stock of the kind which would naturally have a place in an establishment of the kind which he will open.

While the stock will be complete and up to date it is his plan to give special attention to furniture of moderate price. This does not mean cheap or poor quality furniture but a kind and price which will be apt to fill the wants of the average customer. With ample experience and capital at his disposal Mr. Hart and his manager have reason to expect a successful and satisfactory business.

Jacksonville Lodge No. 570 and Harmony Lodge No. 3 A. F. and A. M. will hold a school of instruction. Tuesday, Wednesday and Thursday. Meetings at 9 a. m., 1:30 p. m., and 7:30 p. m., each day. Work each evening.

All Masons cordially invited to attend.

ADDRESSED TEACHERS.

H. C. Montgomery county superintendent of schools yesterday addressed teachers of the School for the Deaf at the regular meeting of their association. Teachers from the school for the Blind were their guests and had been invited to be present and listen to Mr. Montgomery's explanation of the Illinois teachers pension law. This measure now does not apply to teachers in state institutions. Mr. Montgomery is familiar with the history of the law and knows amendments which would be desirable and his address was of great interest.

LENTEN SEASON WILL BEGIN WITH TODAY-ASH WEDNESDAY

Special Services Will be Held at Church of Our Savior and Trinity Episcopal Church.

Today, Ash Wednesday, marks the beginning of Lent, which is observed by the Catholic church as a time for penance. The day derives its name, Ash Wednesday, from a custom in the Roman Catholic church of putting ashes upon the heads, formerly of public penitents, but now of all the faithful.

At the church of Our Savior mass will be celebrated at 8 o'clock this morning and services will be held this evening at 7:30 o'clock. The distribution of ashes will take place at both services. All during Lent, which will continue until Easter Sunday, services will be held at the church on Wednesday and Friday evenings.

At the Trinity Episcopal church services will be held at 6, 7:30, 9 and 10 o'clock this morning and at 7:30 o'clock this evening. Sermons will be preached at the 10 a. m. and 7:30 p. m. services. Every afternoon at 4 o'clock during Lent, beginning Thursday, services will be held at the church and on Thursday afternoons the rector, Rev. H. R. Neely, will give a series of ten minute sermons on "The Women and the Bible." Services will also be held on Tuesday and Friday evenings at 7:30 o'clock and the Tuesday evening sermon will be "The Secrets of Strength." On Wednesday afternoons there will be a series of meditations on the book of Jonah. On Sunday evenings the rector will give a series of sermons on "The Chain of Our Sins." A confirmation class will be organized Saturday afternoon and instructions will be given on Monday and Saturday afternoons.

WIFE OF WEALTHY CHICAGO DRUGGIST FOUND MURDERED

CHICAGO, Ill., Feb. 24.—Mrs. Elizabeth Healy, wife of a wealthy druggist, was slain with a bread knife in the kitchen of her home today. Mrs. Healy, the police believe, was the victim of a beggar she refused to feed. The blood stained knife and a pair of cheap cotton gloves were found on the floor of the room beside Mrs. Healy.

Mrs. Healy was found by her husband when he returned home from dinner. Although still alive, she was unable to speak and died without making a statement.

SUPERIOR COURT JUDGE RULES AGAINST MAYOR HARRISON

Fields That Board of Education Members Could Not Lawfully Be Removed by Chicago Mayor.

Chicago, Feb. 24.—The four Chicago school trustees removed by Mayor Harrison after the disagreement in the board of education that led to the sudden resignation of Mrs. Ella Flagg Young as superintendent could not lawfully be removed by the mayor, according to a ruling today by Judge C. N. Foell in the superior court.

The mayor put in force the resignations which he had requested the four ousted men to place in his hands before they took office.

The mayor replaced the four men and the re-constituted school board sustained Mrs. Young who consented to retain her position.

Judge Foell overruled the demurrer by the corporation counsel to the quo warranto proceedings brought by the four trustees. The judge agreed to withhold entry of the order until tomorrow in order to give the corporation counsel opportunity to decide on his next step in the matter.

WOMEN STORM RESIDENCE OF LEADER OF ANTI-VICE CRUSADE

Mrs. F. H. Ingalls of St. Louis Does Not Call Police, But Instead Serves Coffee and Sandwiches.

St. Louis, Mo., Feb. 24.—Ten owners and inmates of resorts in the segregated vice district, which has been ordered closed by the police today, stormed the residence of Mrs. F. H. Ingalls, leader of the anti-vice crusade and demanded work.

Mrs. Ingalls, who is president of the Women's Protective League and former president of the Women's Christian Temperance Union, was ill and in bed at the time of the invasion.

She did not call the police, but instead served coffee and sandwiches and interviewed each as to the nature of the work she desired. Mrs. Ingalls offered to send the women to a home, where they would be cared for until they were well on their way to a new life, but this all the women refused to consider. Mrs. Ingalls promised to find a place of employment for each.

The judge looked at the charge with mingled amusement and surprise, and when the plaintiff was put on the stand he asked him what damage had been done to the bird.

"My next door neighbor caught the chicken in his garden," answered the plaintiff, "and wrung its neck."

"I see," returned the judge. "What was the chicken worth alive?"

"It was worth 75 cents," answered the plaintiff.

"What was it worth dead?" questioned the judge.

"Seventy-five cents," replied the plaintiff.

"I fail to see where any appreciable damage was done," said the judge. "The case is dismissed."—Philadelphia Telegraph.

Ancient Unions and Trusts.
About the year 190 B. C. Thyatira came under the power of Rome, and, though in the days of the republic it suffered much from oppression and extortion, great commercial prosperity came to it with the inauguration of the empire. About the time that St. John wrote the Revelation it was at the height of its wealth and prosperity as a business city. It is known that there were more trade guilds in Thyatira than in any other city of Asia, for inscriptions tell us that there were guilds of linen workers, wool workers, dyers, bronze smiths, potters, bakers, tanners and slave dealers. The selling of ready made garments was an important business of Thyatira, but whether there were the accompaniments of sweatshops, long hours and scanty pay we are not told.—Christian Herald.

This heavy snow, while not without its advantages to farm interests, has brought inconvenience and expense to the average resident of this city. But when you think of the unpleasant features of the storm, remember those whose homes have been poorly protected from wintry winds, those homes where want and hunger have been knocking at the door.

Milliken University at Decatur, has recognized the wide spread interest in agricultural education, by offering a two weeks' special course for farmers. This course is now being given and includes classes in farm bookkeeping and lectures by men from all parts of the state, who are known as successful farm experts, or engaged wholly in institute work. A large number of Macou county farmers and Decatur residents interested in farms are said to be attending.

Thousands of women in Chicago braved the weather to take part in the primary aldermanic election. The interest which women have manifested in suffrage is alarming the politicians of the big city, that is, a certain class of them. Certainly women of Chicago have great opportunities for bettering civic conditions there if they can keep "politics" out of their own ranks.

The Jacksonville Boosters Club has undertaken a task worthy of commendation and support in proposing to bring to a reality a rest room. The executive committee has the matter actively in charge and the entire membership seems to be determined to "do something" in this project. That's the spirit that will accomplish things.

John Burke.

John Burke, former governor of North Dakota and now treasurer of the United States, was born in Keokuk county, Iowa, Feb. 25, 1859, of Irish parentage. He spent the first 25 years of his life on a farm and gained most of his education in the district school. At the age of 25 he entered Iowa state university and graduated from the law department of that institution two years later. He practiced his profession for two years in Des Moines and then moved to northern Minnesota. Two years later he settled in North Dakota. One year after he had settled in his new home he was elected county judge. He served several terms in the state legislature and in 1896 was an unsuccessful candidate for congress on the Democratic ticket. In 1907 Mr. Burke was elected governor of North Dakota, being the first Democrat ever chosen for that office. He was re-elected in 1909 and again in 1911.

FOOD MANUFACTURERS WIN DECISIVE VICTORY

SUPREME COURT HOLDS THAT BLEACHED FLOUR SHOULD NOT BE CONDEMNED.

Federal Inspectors Must Prove in the Future That Flour Contains Enough Poisonous Ingredients Added to it for Bleaching to Make Flour Injurious.

Washington, Feb. 24.—Millers and food manufacturers generally throughout the country won a decisive victory over the government today when the supreme court held that federal inspectors could not condemn under the pure food law bleached flour, unless they proved that the flour contained enough poisonous ingredients added in bleaching to make the flour injurious to health.

Officials of the department of agriculture have fought the case bitterly contending that the adding of any quantity of poisonous ingredients was in violation of the law.

The case decided today originated in the district court of western Missouri. The government sought to condemn 625 sacks of flour bleached by the Lexington Mills company by the so-called "bleach" process. The government claimed that in bleaching the flour to give it a color to hide its inferiority certain nitrates or poisonous ingredients were added and that this violated the law, no matter what the quantity.

In announcing the decision of the court Justice Day pointed out that the government only complained that 1.8 parts to 1,000,000 of a poisonous character was added by bleaching. He held that every word of the pure food law prohibiting interstate commerce a food if it contained any added poisonous or other added deleterious ingredient which may render such article injurious to health, must be given its true meaning.

"If cannot be any possibility when the fact are reasonably considered injure the health of any consumer, said the justice," such flour, though having a small addition of poisonous or deleterious ingredient may not be condemned by the act."

Department or agriculture officials were not prepared to say tonight what action they would take as a result of the court's decision.

NEW FEDERAL RESERVE SYSTEM HAS MEMBERSHIP OF 7500 BANKS

WASHINGTON, D. C., Feb. 23.—The new federal reserve system will begin business with a membership of at least 7,500 banks. This was apparent tonight, when at the close of accepting the terms of the currency law, less than fifty of the 7,493 national banks of the country had failed to respond favorably. More than enough state institutions had applied for membership to bring the total to 7,500.

Finding Fault

By WALT MASON

The kicking game will bring you fame unpleasant, grim and ghostly, so call a halt if finding fault is what you're doing mostly. Some men seem born distressed, forlorn, then nothing ever pleases; in every cause they find the flaws, the spavins and diseases. They kick at home and when they roam about the town they grumble, and every talk they make's a knock, and every step a stumble. They scare, they scowl, they hoot, they howl, at every forward movement; they hurt the town, and hold it down, and balk at each improvement. There is a trail of woe and wail where'er they've gallivanted; the booster hates such moldy skates and thinks they should be planted. They are a bore, the town grows sore beneath their ceaseless wiggings; the band will play some music gay when they have skipped the diggings. Just look around and note, cogs wound how much brow, and is hated, then make a vow to clear your brow, and keep your bile abated. So call a halt if finding fault is now your daily pastime; let out a roar just one time

CICERO BECK DEAD AT HIS HOME NEAR TALLULA

Was Prominent Farmer and Stockman of Menard County—Mrs. F. G. Sims of his City a Daughter of the Deceased.

Tallula, Ill., Feb. 24. Last night at 8:25 at his home in Tallula, Ill., occurred the death of Cicero Beck, prominent farmer and stockman. For the past two weeks he has been in an unconscious condition due to a third stroke of apoplexy, which he suffered.

On Oct. 8th, 1900 Mr. Beck appeared to be in his usual robust health, but on that day he suffered a paralytic stroke that benumbed his lower limbs, from that time he has been confined continuously to his bed or chair. He suffered severely through these years, at times having excruciating pain but he kept his jovial, jolly good nature to the very last.

He was born Dec. 6th, 1846, near Lexington, Davidson county, North Carolina. He was the youngest of a family of thirteen children, all of whom have passed on except one sister, Mrs. Barbara Carpenter of Watploo, Iowa. His great grandfather Davault Beck came from Germany and settled in Lancaster county, Pa., then removed to Davidson county, North Carolina in 1775.

Mr. Beck spent two years in the service of the cause of the confederacy under Gen. Joseph E. Johnston, and immediately upon the close of the war at the age of 19 he came to Menard county, landing in Tallula, with 75 cents in his pocket. He hired out as a farm hand to Mr. Welsh for ten dollars per month and later by thrift, industry and good management, he secured for himself a good competency.

He was united in marriage to Miss Elizabeth Ann Gum, Nov. 2nd, 1871 by Rev. James Knowles, a Cumberland Presbyterian minister. To this union were born three sons and three daughters. One son, John David died in infancy, the others are all living. They are Cora B., wife of C. A. Campbell of Tallula, Ill., Lula B., wife of F. G. Sims of Jacksonville, Ill., Ina B., wife of Joseph Conkey of Waterloo, Iowa. Jesse Orion Beck of Tallula, and Charles C. Beck of Springfield, Ill.

Mr. Beck was one of those plain, blunt men who hate shams and hypocrisy. He was strictly honest in all his dealings. He believed in promoting all the best interests of the community. In disposition he was kind hearted, a jovial companion who loved his family and provided well for their wants and necessities.

He became a member of the Christian church under the ministry of Rev. H. O. Breeden. He was a charter member of the Tallula lodge No. 492, K. of P. and they will have charge of the services at the grave. The funeral will be conducted by Rev. F. M. Lindemeyer of the Tallula Christian church and interment will be in Greenwood cemetery.

Funeral arrangements have not yet been completed.

MR. QUIGLEY INJURED BY FALL.

Patrick Quigley, one of Jacksonville's well known citizens is confined to his home on East North street as the result of a broken wrist. The accident happened Monday evening when Mr. Quigley was walking on East State street near the plant of the Jacksonville Monument Co. He fell in such a way that two bones were broken and it will be some time therefore before his arm will be out of splints. He was taken to the office of Dr. J. W. Hairgrove and then to the hospital for an X-ray examination. Mr. Quigley is one of the jurors in the Mauvaster drainage case but will probably not be able to attend court today.

COURT HOUSE NEWS.

Circuit Court.

Judge Cooke of Beardstown who is presiding temporarily with the Morgan County Circuit Court arrived here yesterday morning. Practically the entire time of the court was occupied by a suit of A. F. Franks vs. W. E. Jackson et al. Mr. Franks is represented by Bellatti & Ballatti and the defendants in the case by Kirby, Wilson & Baldwin. The proceeding is based on a bill filed by Mr. Franks asking that a deed be set aside by which he conveyed certain property on North Main street to the defendants. A year or two hence Mr. Franks deeded this property as part of a consideration for a tract of land near Louisiana, Missouri. He alleges that he bought

the land on the assurance that it was not subject to an overflow and that subsequently he found that a large portion of it was under water at times.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's
Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradford Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

IT'S TIME TO HAVE
that long promised
Portrait taken. No
need to wait for a fine
day, however. With the
equipment of the modern
studio you can be taken
one time as well as another.

STEEL CORPORATION ATTORNEYS FILE BRIEF WITH COMMISSION

Ask Re-Opening of Matter of Allowances to Short Lines off Railroads Serving Industries.

WASHINGTON, D. C., Feb. 24.—Assuming that trunk line railroads are arranging to immediately discontinue through rates with the Union Railroad Co., the Newburgh & South Shore Railway Co., and the Lake Terminal Railroad Co., subsidiaries of the United States Steel Corporation, attorneys for the corporation today asked the Interstate Commerce Commission to re-open the "matter of allowances to short lines of railroads serving industries."

The brief filed with the commission contends that in the transportation of iron and steel products and of raw materials, including coke and coal, it has been the general custom from the beginning of the industry for the carriers to spot cars within the industries where they are to be loaded or unloaded and take each car when loaded or unloaded to the main line, and that freight rates on these commodities have been continuously constructed upon the basis of the cost of such services.

It is further contended that while for 441 miles, the distance from steel industries on the Union Railroad to New York, the average car revenue over eastern trunk lines on all commodities is \$66.69, it is \$112.54 for steel products. Figures are also given to show that the same condition prevails in the transportation of all commodities and steel products from any other points in eastern trunk line territory.

The petitioners contend that the commission should not have found that the complainants railroads are plant facilities, and they argue that the commission is not justified in the conclusion that "service performed for industries adjacent to complainants' tracks give such industries an obvious advantage over a shipper who delivers and accepts his freight on a public team track." It is argued that the commission should not have found that the delivery of a car upon complainants' interchange track is a delivery for the purpose of assessing demurrage, and that the commission should not have found that the admission of the industrial railroads to the modified per diem agreement is an "undue, unreasonable and unlawful preference and advantage to the industry."

The general effect of the report of the commission, if carried into effect, it is held, would be to unlawfully impose upon steel industries the cost of operating terminal facilities and to cause line carriers to discriminate against industries located along terminal railroads. It would advance rates on particular commodities, which rates are a part of a long continued adjustment and the proposed change would disturb the whole rate situation; would disturb the grouping of rates into territories by making different ratings to and from industries in the same groups, and would re-arrange the whole fabric of rates in this country.

The commission is asked to make an order directing trunk lines who were parties to the original submission of this matter to the commission from carrying out the proposed discontinuances of through rates pending the re-hearing and to make an order directing the trunk lines to continue existing through rates and allowances.

ITALY DECIDES TO OFFICIALLY PARTICIPATE IN EXPOSITION

Will be Represented in San Francisco With Suitable Exhibition.

Rome, Feb. 24.—Ira Nelson Morris special commissioner of the Panama-Pacific Exposition received formal assurance today from Prince di Scalea, Italian under-secretary of state for foreign affairs that Italy had officially decided to participate in the exposition at San Francisco near year without any conditions regarding the immigration or other questions affecting this country and the United States. Commenting on his success in obtaining Italy's promise to send an exhibit Commissioner Morris said:

"I am happy to state that I have been advised that Italy will be fittingly represented by a proper and dignified exhibition, ranking with the displays of other foreign governments at the Panama-Pacific Exposition."

"WITHIN THE LAW"
COMES FRIDAY

"Within the Law" Bayard Veiller's tremendously successful melodrama, which ran for an entire season at the Eltinge Theatre, New York City, will be seen for one night. This four-act play which made the fame of its author in a single night tells an absorbing story of modern conditions in New York life, and has received the public endorsement not only of the president, but of prominent men and women identified with literature, art, politics and the drama. Among those who have lent their names as a guarantee of the worth-while qualities of Mr. Veiller's up-to-date play, may be mentioned besides Woodrow Wilson, Colonel Theodore Roosevelt, Mrs. G. H. P. Belmont, Mrs. Harriet Stanton Blatch, the Suffrage Leader—Julius Harburger, Sheriff of New York County—David Belasco, the great theatrical producer—Geo. S. Dougherty, Police Commissioner of New York, and every dramatic critic in the metropolis, including Alan Dae.

BUT ONE SYNDICATE NOW AFTER CUB STOCK

BID OFFERED BY BEHAN GROUP CAUSES OTHERS TO AWAIT DECISION.

Two Other Syndicates of Chicago Capitalists Will Await Until Taft Passes Upon Bid of \$700,000 Made For 51 Per Cent. of the Cub Stock.

Chicago, Feb. 24.—Only one syndicate has been left in the field of those who sought control of the Chicago National League baseball club. The bid of \$700,000 offered by the Behan group for fifty one per cent. of the Cub stock caused the other two syndicates to assume a waiting attitude until Charles P. Taft, owner of the majority of the stock, has passed on the Behan proposition. It was said that a coterie which proposed to put John P. Harland at the head of the club would have a representative in Cincinnati tomorrow, however.

The Pugh-McCullough group has withdrawn from active participation, Charles A. McCullough announced.

Louis J. Behan, who is handling the offer of six men, who compose one syndicate, left for Cincinnati tonight. The Federal League will not open its playing season until April 25th, and the stands and grounds in most of its cities will be ready by that time, it was said today by Charles Weegham, president of the Chicago club.

The Brooklyn Federal club manager has not been named. Besides Sam Crawford, the Detroit outfielder, who President Gilmore intimated might be named for manager, Catcher Wingo is sought by the Brooklyn club.

Three Entries Received.

New York, Feb. 24.—Three entries from the Aero Club of France and one from the Aero Club of Belgium were received here by the Aero Club of America today for the International Balloon race to start from Kansas City on Oct. 6th, next. Including three entries from the Aero Club of Germany and the three which will represent the United States, there are now ten balloons listed for competition for the \$7,500 in prizes offered.

The Aero Clubs of fourteen countries are yet to be heard from.

Leave for Paso Robles.

Los Angeles, Cal., Feb. 24.—The Chicago White Sox left for training quarters today at Paso Robles, Calif. There were 39 men aboard the baseball special.

Make Offer to Mathewson.

New York, Feb. 24.—The Federal League has made Christy Mathewson, star pitcher of the New York Nationals a proposition to manage the Brooklyn Federals at his own terms. President Gilmore has wired Mathewson as follows: "Will you manage the Brooklyn Federals? You may name your own terms." "This is no bluff," said Gilmore today. "We want a big man to manage Brooklyn and have failed to get Stahl. We honestly want Mathewson if there is any possibility to get him." Gilmore has not yet received an answer from Mathewson. According to the New York club management Mathewson is now on his way from Los Angeles to Marlin.

REQUISITIONS ISSUED FOR RETURN OF ALLEGED KANSAS EMBEZZLER

SPRINGFIELD, Ill., Feb. 24.—A requisition for the return to Bloomington of Leslie K. E. Hougham under arrest at Eldorado, Kansas, and charged with the embezzlement of \$1,000 from the American Express company at Bloomington, was issued today. Hougham is accused of taking a package containing \$1,000, sent by express from a bank at El Paso, Illinois, to the People's bank at Bloomington, Oct. 16th, 1913, while he was in the employ of the express company at the latter place.

ENGLISH PAPERS ATTEMPT TO DESCRIBE AMERICAN GAME

LONDON, Feb. 23.—Many Americans residing in London met the New York and Chicago baseball teams on their arrival here tonight from Paris. The players are to be entertained at lunches and theaters and the English papers are devoting much space to describing, with some curious errors, the game of baseball. The teams will meet in a game, the proceeds of which will go to charity.

JELKE, OLEO MAKER.

FACES TRIAL.

Chicago, Feb. 24.—After nearly three years of delay, the case of John F. Jelke, millionaire oleomargarine manufacturer, was called in the United States district court here today and the prospects are that the trial will proceed without further delay. Jelke is under indictment with a number of other manufacturers and retail dealers in oleomargarine for conspiracy to defraud the government out of many thousands of dollars in revenue by unlawfully coloring oleomargarine.

The indictments were returned in July, 1911, by the federal grand jury, following an exhaustive investigation ordered by Judge Landis. After the indictments were secured strong influence was brought to bear upon the administration in Washington, seeking a dismissal of the charges. Jelke, it is asserted, offered to pay a fine which would more than repay the government for the alleged losses in revenue through the unlawful making of the oleomargarine. Upon the recommendation of Attorney General Wickersham, it is understood, President Taft declined to agree to any compromise or a dismissal of the indictments.

As soon as the trial of Jelke is concluded John Dade, president of the William J. Moxley company, is to be placed on trial. Dade is under indictment on the same charges as Jelke.

FORMER STATE OFFICIAL
ON TRIAL.

Montgomery, Ala., Feb. 24.—The case of Theodore Lacy, former chief clerk of the state convict department of Alabama, came up for trial today. Lacy is accused of embezzlement. Nearly a year ago he disappeared, taking with him, it is alleged, about \$90,000 of the state's funds. Several weeks ago he returned to Montgomery and surrendered himself to the authorities. He has since been at liberty on \$50,000 bond.

MEETING OF IOWA LUMBERMEN

Des Moines, Iowa, Feb. 24.—The Central Iowa Retail Lumbermen's association held its 19th annual convention in this city today, with President G. D. Rose presiding. Many prominent representatives of the trade were in attendance from Cedar Rapids, Waterloo, Cedar Falls and other cities in the state.

Walter Houston of near Arcadia was entertained by his brother, Ed Houston and family here Thursday.

Mrs. Beaujan is quite sick.

Mrs. M. B. Shrewsbury and daughter, Mrs. Clara Long, were entertained by William Green's family, west of town, Friday.

John Beaujan was here this week, called by the illness of his mother.

Mrs. Bert Wood has been a victim of the grip.

Several here are making good use of the cold snap and are getting their ice houses filled.

A very enjoyable affair came off in our village; the sixth birthday anniversary of Master Charles Shrewsbury Thursday afternoon, Feb. 19th, at the hospitable home of his parents, Mr. and Mrs. Ed Shrewsbury. The house was thrown open to a limited number of little tots who came in by invitation to observe the day with Charles and they certainly made a success of the affair. Games were played and ice cream and cake were enjoyed. Some nice presents were given the little boy. They

had for a center piece a unique angel food cake with six candles on and colored drapery around it; it was the attraction of the occasion. Departure came all too soon. Good wishes were expressed for the host that he might live to see many more happy birthdays. Those present: Frances Hierman, Mary Ellen Willey, Gwendolyn Proudt Datha Pekkamp, Wayne Wood, Inez, Sadie and Lewis Koker, Myron Berger of Mercedosa, Irene Shrewsbury and June Hierman, Glen, Edgar and Frances Dikes; Miss Ruth Wood, the Sunday school teacher.

BUSINESS MEN SEEK REFORMS.

Toronto, Ont., Feb. 24.—A program of business calculated to keep them busy during the past two days faced the members of the Ontario Associated Boards of Trade when they assembled in this city today for their annual meeting. More than forty resolutions, covering a wide range of subjects, were scheduled for discussion. Proposals to further strengthen the insolvency laws, to conserve the forests, water power and other natural resources of the province and to create a dominion board of trade or chamber of commerce are among the important matters to be considered and acted upon.

BISHOP ALTHOFF CONSECRATED.

Belleville, Ill., Feb. 24.—In the presence of a notable gathering of prelates and priests of Illinois and neighboring states and of the Catholic laity of this diocese, the Rev. Henry Althoff was today consecrated bishop of Belleville as successor of the late Bishop Janssen. The consecration took place in St. Peter's cathedral and was accompanied by the full ritualistic ceremony. The new bishop has been pastor of a church at Okawville, Ill., and since the death of Bishop Janssen has served as administrator of the Belleville diocese. He was formerly assistant pastor of St. Henry's church in East St. Louis.

AUTOMOBILE STALLED.

Quite a crowd gathered in front of the Drexel yesterday a little after noon to witness the efforts of a man in charge of one of Newman's automobiles. He had driven the machine into a drift and couldn't get either way. He had a strong machine but the wheels simply slid around without moving the car. Finally he was obliged to dig away a lot of snow in front and then by the help of a lot of kindly disposed persons who pushed with all their might he was able to move away and it is safe to add that he will not try to buck a snow drift again with an automobile.

GIRLS! THICKEN AND

BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Lustre, Charm
and Get Rid of Dandruff—Try the
Moist Cloth.

To be possessed of a head of heavy beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just use a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two week's use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this—Adv.

CORN BELT FARMERS SHOULD RAISE MORE LIVE STOCK

John A. Spoor, Chairman of Board of Directors of Union Stock Yards, Gives Twelve Reasons for Doctrine He Preaches.

In a recent address, John A. Spoor, chairman of the board of directors of the Union Stock Yards and Transic company of Chicago, gave twelve good reasons why corn belt farmers should raise more live stock. He also answered some objections which have been urged to his doctrine. The reasons advanced, summarized briefly, are as follows:

1. Because it will pay. From now forward it will be more profitable than heretofore to raise cattle, hogs, sheep and horses on corn belt farms, for the reason that all conditions have changed and are changing in favor of the grower.

2. Because the country needs more meat. Official figures show an enormous net decrease in the meat food supply of the nation, both actual and relative to population; while market scarcity, the decline of exports and high record prices corroborate them.

3. Because the soil needs more fertilizer. The joint problem of meat production and soil preservation in this country is the most vital problem before the American people today. It will soon be realized that the raising and feeding of live stock on farms is essential to the continued growing of crops.

4. Because the raising and feeding of live stock on the farms enhances soil fertility. Soil fertility is the foundation of agricultural prosperity, and agricultural prosperity is the basis of general prosperity.

The broad significance of this fact is gradually becoming recognized. This is due almost wholly to work of the agricultural colleges and experiment stations, the International Live Stock exhibitions, and kindred agencies. What ever encourages expansion and improvement in live stock production contributes directly to increased and improved crop growing. Indeed, permanently successful general agriculture is impossible without stock raising as a very prominent and essential part of it.

5. Because neither corn prices nor stock values can be maintained without the raising and feeding of live stock on farms.

A permanent scarcity of live stock would bring a permanent decline in the price of corn, and a decline of land values would be sure to follow.

6. Because live stock utilizes farm waste and turns into money. This needs no argument. Every farmer knows from practical experience the truth of the above statement. Many millions of dollars worth of valuable roughage is wasted every season, which should be profitably consumed. The advantage which the stock farmer has over the grain farmer in this respect should prove a strong inducement to unite stock raising and crop growing, especially in the corn belt.

7. Because live stock condenses values on the farm; can walk to the market or shipping point; can be transported and marketed at less expense, and realizes greater net returns than any other farm products.

To market crops of grain and forage via the beef, pork, sheep and wool route, gives hired help regular work, condenses the bulk and value on the farm, and saves labor, time and expense in transportation, therefore adds to net proceeds, besides leaving behind on the farm that which enriches the soil and adds to crops of grain.

8. Because the market demands younger animals for slaughter. The prevailing demand from consumers is for small, choice, tender cuts of the various meats, which can be quickly cooked and served immediately; for "baby beef," veal, lamb and young pork, instead of for heavy cuts from the larger carcasses or mature animals.

9. Because pure bred stock is now selling at relatively low prices, and those who stock up first and stay in longest will reap the greatest rewards in improved herds and more profitable returns.

Every material factor in the situation points to the conclusion that from now forward it will pay to raise improved live stock on high priced corn.

10. Because association with domestic animals on the farm is essential to the right development of the character and practical knowledge and ability of children.

Such association, acquired during the care and growth of the animals, from birth period to time of marketing, is a wholesome, educational and altogether beneficial experience which no farmer's family should miss. These influences are more valuable than money, yet they both save and make money, directly and indirectly.

11. Because the presence of live stock inspires a love for the farm, and tends to prevent desertion of the farm for the city.

The love of children for the farm or their lack of interest in it, and whether they stay or leave for the city when grown, depend consciously or unconsciously in large measure upon the presence of growing animals on the farm. Crops alone cannot inspire the interest nor infuse affection which create home ties as for care. This really appeals to us for care and protection.

12. Because it is every farmer's sacred duty to leave his farm in at least as good condition as when he found it, for use by future generations, and this he cannot do without the fertilizing elements furnished by live stock.

Castillo, Bandit Chieftain, Who Was Caught by U. S. Troopers.

Photo by American Press Association.

Maximo Castillo, the Mexican bandit chieftain, who was captured by United States troopers in Texas after he had fled from Mexico following the Cumbre tunnel disaster, gave the authorities a lot of trouble. At first they did not know whether to extradite him to his certain death or to keep him as a military prisoner. He was accused of causing the tunnel wreck which resulted in the death of fifty-one persons, including sixteen Americans. Castillo denied this. He claimed he was Zapata's general in the north of Mexico.

THEN and NOW

Today, although the Atlantic is still uncrossed by airship or flying machine, the belief that the trip will be accomplished this year is widespread. Rodman Wanamaker is building an aeroplane with which he expects will fly from Newfoundland to Ireland in less than 24 hours, and others are in the field for the \$50,000 prize offered by Lord Northcliffe for the first aerial voyage across the Atlantic.

An even more ambitious project calls for an aeroplane trip around the world in connection with the Panama-Pacific Exposition. A route has already been mapped out, a sum of \$300,000 proposed as prizes, and a number of aviators have indicated their eagerness to participate in the race.

John Wise, the first aeronaut in the United States, was born on this date 106 years ago today. He began experimenting in Philadelphia in 1835 and in the fall of 1837 discovered that while passing through a thunder cloud the cords of his balloon gave forth musical sounds and he heard voices on earth when he was a mile above it. Twice in 1843 he asked Congress for appropriations for crossing the Atlantic in a balloon, and later tried to get its aid in building airships from which explosives could be thrown at an enemy on land or sea. Up to 1859 he had made 230 ascensions. September 28, 1879 he ascended from St. Louis and never returned. The body of one member of the party was afterwards found in Lake Michigan.

quence of tariff removal."

Answer: Tariff removal cannot materially alter world values, and cannot, therefore, materially affect prices in this country, especially as there is a scarcity of meat animals in all other countries.

Canada is short of live stock, Mexico's cattle industry is demoralized by drought and revolution, Brazil is not yet under headway and does not raise enough live stock to feed her own people, and Argentina and Australia together have not sufficient surplus to supply both Europe and this country. Whatever meat is brought from either country to the United States is so much taken away from England's needs, and this competition is likely to raise prices in both countries. No other considerable source of meat supply is available.

"Packers control the market." Answer: The packers are middlemen. They cannot control the market, because they cannot control the sources of supply, nor the volume of consumption. They have storage capacity for only about 12 days' killing at most, and must sell their products, even at a loss, and sometimes their losses are heavy. They would prevent extreme prices of their kind. The law of supply and demand governs the market.

"Corn too high."

Answer: From 75 to 80 per cent of our enormous annual corn crop is fed to live stock on farms. If any considerable proportion be hoarded or marketed as corn, instead of being fed to live stock as usual, the inevitable result will be a big drop in the price of corn. A general decrease in either the volume of production or price of corn, would cause a decline of land values in the corn belt, and that would decrease the value of all lands. Hence, to maintain the price of corn and the general market value of land, both in and out of the corn belt, it is necessary to raise and feed more live stock on corn belt farms, especially cattle, which means that in no other way can corn belt farmers get such large net returns for the crops they raise.

DAMES AND DAUGHTERS.

Sarah Bernhardt will add Beau Brummel to her gallery of male characters this season. She will impersonate the English dandy in a new play which has been written for her by Maurice de Faramond.

Mme. Chaminade, whose name has been added to the French Legion of Honor, is said to be the first woman so honored because of her success as a musician and composer. Mme. Chaminade is in her fifty-second year and has devoted her life to music.

Miss Dillwyn, whose father represented Swansea in parliament and who herself has done excellent service on the old Swansea school board and board of guardians, is one of the few Englishwomen who enjoy a cigar. She even smokes cigars at public dinners.

Christine Nilsson, the famous Swedish singer, who by her marriage became the Countess de Miranda, recently reached the age of seventy years. She retired from public life about a quarter of a century ago and practically has not appeared on the operatic or concert stage since then, except on occasions for charity or the like.

The Panama Canal.

About 2,500 employees will be required. Freight will be charged \$1.20 a ton; passengers are free.

American coastwise ships may pass through free of charges. The cost of operating the canal will exceed \$4,000,000 annually.

Time required to go through the canal, from ten to twelve hours.

The interstate commerce commission has jurisdiction over canal traffic.

Warships of all nations may pass through the canal, but cannot linger more than twenty-four hours at either end in time of war.

To pay interest on the investment and operating expenses approximately \$15,000,000 revenue per annum will be needed.—Lestie's Weekly.

WAGNER'S 40TH MILESTONE.

Pittsburgh, Feb. 24.—Honus Wagner, shortstop of the Pittsburgh National league baseball team and one of the best known players in the history of the sport, received a flood of congratulations from friends and admirers today on the occasion of his 40th birthday anniversary. Wagner was born in Carnegie, Pa., and still makes that place his home. He began his baseball career in 1895, with the Steubenville team in the old Central association. Since he joined the National league in 1897 Wagner has never failed to bat for a season's average below .300. He is now preparing for a trip to Hot Springs to get in condition for his 18th year in the big league and his 14th consecutive season with the Pirates.

IF MEALS SOUR AND TURN INTO GAS, TAKE SODA

When everything we eat turns to gas and we eructate sour food and acid fluids it means there is an excess of hydrochloric acid in the stomach; says a noted authority. This irritating acid retards the process of digestion and promotes food fermentation. Our meals sour in the stomach like garbage sours in a can, forming gases which inflate the stomach like a toy balloon, causing a heavy, lumpy misery in the chest, constant belching of gas, sour risings or heartburn, fullness and often nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy a package of 10 grain Soda tablets and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity, stop food fermentation, absorb the gases and sweeten the entire digestive system.

He further states that those troubled with chronic acidity should take one tablet regularly, an hour after meals for a while, as this simple antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. S. P.—Adv.

MACON, GA., CHILD

Made Strong and Well by Vinol.

When we tell you that Vinol is the best remedy in our whole stock for making weak, puny, ailing children strong, robust and rosy we are only telling you what has been proved by hundreds of mothers.

J. L. Pickling, Macon, Ga., says: "My child was very thin and delicate, no appetite, nervous and did not sleep well. Doctors did not help her. Vinol was recommended and the change after the first trial was wonderful. She sleeps soundly at night, has a splendid appetite and has gained in weight. I wish every mother knew what Vinol will do for delicate children."

What Vinol did for this little girl it will do for every weak and ailing child because sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine, healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not.—Lee A. Allcott, druggist, Jacksonville, Ill.

JOHN N. KING IS THE HERO OF TWO GREAT WARS

Resident of Jacksonville Fought in Conflict with Mexico and in War of Rebellion.

Living quietly with his sister, Mrs. Lucy Mason, at 208 East Chambers street, is a historic character, Col. John N. King, hero of two wars and a man with a career which has been marked by many adventures and experiences of much interest. Like all men of this stamp, he is modest and retiring and not at all anxious to flaunt his efforts and adventures, but willing to answer questions.

Desiring to give his biography briefly to the world a Journal reporter recently called on the old gentleman and asked an interview which was readily granted. Although almost 87 years of age, Col. King is remarkably well preserved and evidently in possession of his mental faculties while physically he is well preserved and able to get about and walk to the city, when the weather is not too severe.

Briefly he gave his history, with permission to use such parts as may be of interest. It is given as he narrated it, practically.

I was born in Pittsburgh, Pennsylvania, June 20th, 1827, the son of Mr. and Mrs. David King. My father came from Coleraine county, Ireland, and my mother was a native of this country. For some time my father was a merchant and later he was induced to go into the iron business with a partner and the firm named what was known as the Lippincott mill. For a while things went well, the business increased naturally and many men were supplied with work at fair wages. The trade of the mill increased and orders kept coming from greater and greater distances, until the outlook was indeed great and we had pictured to ourselves an era of prosperity to which we felt entitled and all looked as if our country would take its place in the manufacturing world, and do its share in the great work of improvement.

But the bright dreams were destined to a rude awakening for free trade was the order later and then Great Britain saw her chance and flooded the land with the product of her mills and factories. They cut prices to ruinous rates, our mills were closed, men walked the streets looking in vain for work, while ship load after ship load of English metal was deposited on our shores. It was indeed a dark day for the industries of the United States, but we had to take our medicine and make the best of it. As a matter of course, as soon as Great Britain had our mills closed, the prices went up again, but it was of no use to start any enterprise in this country for only too well did we know what would be the result.

My father did the best he could under the circumstances and being a man of ability he did all possible to retrieve his fortune so rudely shattered. He decided his children should be educated as far as possible so he sent me to Bethany college, Virginia, but his failure prevented me from completing my course and I had to leave, much to my regret. It was a bitter day for me when I turned my back on the institution I had learned to esteem so highly and my dreams of an educated career were rudely dispelled and I left the institution never to return to it.

Seeing it was useless to try to do any kind of manufacturing under tariff conditions my father decided to see the west and in 1848 moved to this state and bought a farm in the vicinity of New Berlin. It was a comparatively new land and the neighborhood was sparsely settled and the family remained in Jacksonville till a house could be erected on the farm where we went to live. There the large family was housed and cared for and the best advantages possible afforded them. But my parents believed in education and in time moved to Jacksonville and in order to afford their children better educational advantages.

My brother David who graduated in the class of 1865, Illinois college, attended a while in the Berea college which is now a part of Passavant hospital. There he studied Greek, but he never had much taste for the Latin language.

My mother died when 72 years of age, but my father lived to be 87 and then quietly ended a long and useful life.

I worked on the farm till 1846. When the Mexican war broke out and the call was made for volunteers. My friends didn't much like the idea of my going, but I was fired with a desire to serve my country and so I enlisted as a private in Company D, Fourth U. S. Infantry commanded by Col. Baker and with the regiment was sent to Jefferson barracks to be mustered in, equipped and started to the front.

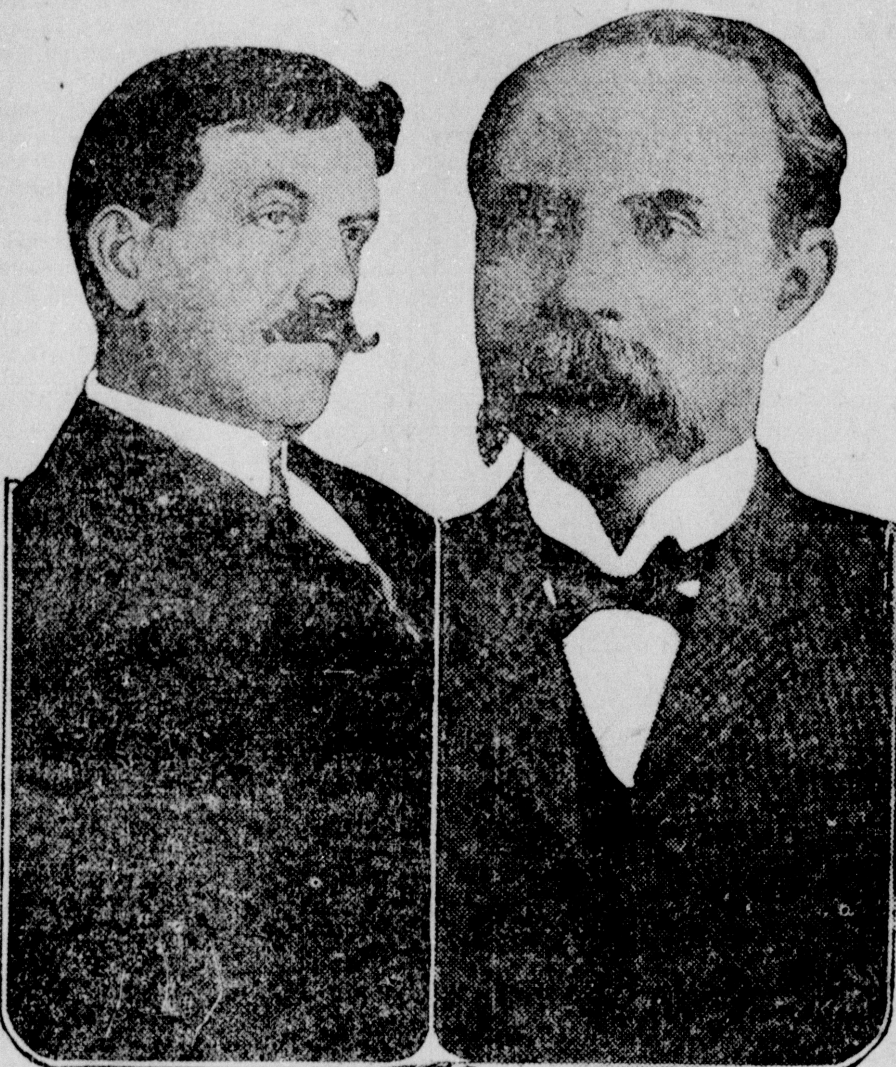

We first went to New Orleans and then on to Mexican soil and our first camp was on Mexican soil, opposite the city of Matamoros. While there the battle of Buena Vista took place and of that I wrote the Journal recently.

After the battle we were ordered to Camargo and then to Victoria to join the forces which had been under Taylor and then to go to Vera Cruz to join Gen. Scott's command.

While we were at Victoria Captain Robert Allen of the quarter master's department was in much need of a clerk who had enough education to do the work of the position and gave me a trial and then I was permanently detailed to that position. I can't say that I liked it as well as the regular service, but there was no choice as I was ordered to take the pen instead of the gun and worked accordingly.

In March, 1846, I had an experience which I shall never forget. We had been ordered to Vera Cruz and had to get there by a schooner on the Gulf of Mexico. It was at a time of the year when storms were frequent and we tacked back and forth a whole month. It cannot be

United States Officials Who Favor Reducing Volume of Immigration.

Photos by American Press Association.

Official Washington is stirred over the complications arising from the conflicting views on the subject of restricting immigration. Commissioner of Immigration Anthony Caminetti, by coming out in favor of excluding Japanese and all other Asiatics, has aroused a flurry which may result in his resignation. Senator Ellison D. Smith of South Carolina, chairman of the senate committee on immigration, has announced that he favors the "literacy test" bill and that it will pass the senate. This bill will bar out thousands of immigrants yearly from the United States. Caminetti is at the right and Smith is at the left.

said that the captain was in any hurry to get to port, as I fancy he was being paid by the day while his craft was on the water. I did get fearfully tired though of the ship. I was a fairly good sailor and not much troubled with seasickness and so managed to get along. Sometimes when the waves rolled especially high, I was a bit uneasy, but we had a capable commander and he knew well how to manage his ship so that we were not in any real danger.

At last we reached the offing at Vera Cruz, but our troubles which we hoped were over, had not reached the climax. A severe storm arose and drove a large number of ships ashore and ours was among the number. At first she struck on a sand bar with the waves dashing over her and for a while it looked as if each moment would be our last.

At last it floated off into deeper water and we hoped our troubles were over but they were not for a big wind and a wave dashed up against shore and there it stuck. I was tired of that kind of experience and determined to get off if I could. No small boat could get to us but as we were not so very far from the shore I wisely decided to make a jump for land. I measured the distance carefully and made a dash for it and it came wonderfully near being my last for I came far from the shore and was soon being buffeted about the waves but fortunately some persons on shore seeing my predicament threw me a rope. I don't think in all my life I ever saw anything quite so welcome as that rope as it came whirling to me from the land with stalwart men holding the other end.

I grasped it desperately and soon was dripping on the land glad to be rescued from a watery grave. Some men had taken large whale bears and had made a desperate effort to come to our rescue but they could do nothing for us and I saw those boats turn over and over like barrels in the waves after the men had left them and moved them to the shore. It was a truly exciting experience and such as I don't care to repeat as long as I live.

We were tossed around so long in the water that we were too late to see the attack on the castle San Juan de Ulloa which protected Vera Cruz but it was taken all right. It was there that Santa Ana lost his leg and he was killed by the French.

The forces under Taylor had begun to march before the arrival of General Scott at Cerro Gordo. I followed the troops with my regiment to Plan del Rio where we went into camp by the road to the City of Mexico. My superior officer, Capt. Allen, took possession of a church for the storage of supplies. It was a romantic place near a river and we had a fine view from it though not much time to study scenery for things more important occupied our attention.

After Gen. Scott's arrival he took command and ordered the troops into position for an attack on Cerro Gordo while I was busy writing at my desk I heard the long reel calling the troops into line and the spirit came over me I had promised Major Thomas Harris, then commanding the regiment in the absence of Col. Baker who was in Washington, that if there was any fighting I would be in it. Col. Baker returned however before the battle and took command. As my regiment was passing by the door I saw it and went back to get my gun and ammunition and was hastening out again when Capt. Allen seized me by the arm and said:

"John, you are not a soldier now to carry arms and go into battle; you are my clerk and must put down that gun. You don't know the risk you

are running for you may be wounded or killed."

He tried hard to hold me determined I should not go into the battle but I told him the promise I had made and besides if I failed to go they would call me a coward at home and so if I didn't fight now I would have to fight when I got home. He said good bye and told me to report to him if I came out alive.

As soon as I reached my command the boys set up a big cheer and Col. Baker cried out rather testily.

"What is all this hallooing about?"

"John King has come to join us in the battle."

At that the colonel looked around and saw me and cried out lustily as possible.

"Three cheers for King," and they were given with a will.

After we had reached camp the colonel told me that details of men would be needed to haul large cannon up hills where horses could not be used and he would appoint me special orderly to see that it was done.

He gave me a sword and placed me in charge and to obey the orders of none but himself.

The battle has been described times enough and I need not repeat it now suffice to say I came out without a wound and when the enemy began retreating our forces followed them to Jalapa and waited there till Captain Allen arrived, when I again reported to him. He told me my regiment would be mustered out shortly and I could go with them or perhaps if I liked it better I might stay with him in the service. I told him that depended on him. If he wanted me with him as I had been I would like to stay and he added that if I wished I might get jobs for my comrades and I secured employment for a few of my company. Captain Allen was promoted to division quartermaster and my work which had been rather light now grew to large proportions. When we reached Puebla I had my hand full indeed. I was the only clerk and was kept on the jump constantly. We had a distributing agent but he was too lazy to make out his accounts and I had to do for him. One night I was at work till midnight and Captain Allen passed by the office and asked me if I worked that late every night. I told him not that late but generally till nine or ten.

He said he was not aware of that and wanted it stopped. He told me to get all the help I needed to be able to take things reasonably and work regular hours leaving the latter part of the afternoon for recreation with my horse or otherwise as I chose. The shirking disbursing clerk was jealous of me and had said disparaging things about me as a friend informed me. I took him to task for it and told him he was a liar and if he repeated the offense I would break his head.

GIVES BIRTHDAY PARTY. Mrs. Fred Grandjean entertained a company of friends at her home in Alexander Tuesday. The occasion being her birthday. An elaborate four course dinner was served at noon and the afternoon was very pleasantly spent socially. Among the guests, aside from a number from Springfield and New Berlin, were: Mrs. G. Mason, Mrs. Fred Six, Mrs. John Walsh, Mrs. Clifford Strawn, Mrs. Harvey Stubblefield, of Alexander; Mrs. Milton Todd of Arnold and Mrs. Gilbert Masters of Jacksonville.

SUIT FOR DIVORCE. George Hurst by his attorney, T. F. Smith has brought a suit against his wife, Carry Hurst. Desertion is the charge made in the bill. The complainant and his wife were married at Virginia, March 23, 1906, and according to the bill filed lived together only until Sept. 9, 1906.

AFTER SUMMER HAS GONE.

Excitement Comes to Lonely Pair After Days of Waiting.

The hotel dining room was eighty feet long. At tall man sat eating a lonely breakfast at one end. A stout man was performing the same rite at the other. They passed out together.

"Marooned," murmured one. "Are we the only inhabitants?" "With the exception of the help, we are alone."

"These late vacations are awful!" "Yes; I'll never take another."

Days passed—dull days, lonely days. Sometimes they hobnobbed. At other times they abhorred each other and kept apart.

One morning the tall man sat dreaming on the veranda. He was dreaming of waltzes and of moonlight strolls. The stout man was on the beach. Suddenly he bent over something, and then began to beckon wildly. The tall man sauntered down.

"What have you found?" he languidly inquired. "Look at that, Robinson Crusoe!" yelled the stout man.

"What is it?" "Look!"

The tall man looked, then smiled feebly.

It was the print of a girl's shoe in the sand.—William S. Adkins in Judge.

Identification Easy.

"I was going down the street the other day," the fellow said, "and I met a little boy crying. He was a miserable object and seemed to be suffering keenly. So I stopped and spoke to him."

"What's the matter, son?" says I.

"A b-b-big boy hit me!" he sobbed.

"Well, that's a shame. You tell me who the big boy was and I'll give him a talking to that he won't forget."

"It was th' Simpkins boy," answered the abused youngster, with a show of interest. "He's down there with all those other kids."

"Which one of that crowd is he?"

"You kin tell easy enough. He's the one with th' black eye an' th' bloody nose, an' he's cryin' too!"—Chicago Daily News.

Wasted Efficiency.

"I shall never forget," said the popular statesman, "the crowd of 10,000 people who cheered me for one solid hour."

"Have you ever thought of your terrible responsibility?" asked the mathematician. "An hour each for 10,000 people represents 10,000 hours, or nearly a year and two months devoted to the exhaustive and unproductive occupation of cheering."—San Francisco Chronicle.

Happy Dad!

"Oh, George!" breathed Janet in eager excitement, "did you tell father that you had saved up \$500?"

"Yes, darling."

"And what did he say?"

"He said, 'Fine! You're just the man I'm looking for!'"

"Yes, yes; go on!"

"Lend it to me, will you?"—St. Louis Post-Dispatch.

A Good Sponder.

"Do you believe that money has germs on it?"

"It may have."

"What in the world shall we do?"

"Don't worry it would take a mighty active germ to hop from the money to you during the short time that you keep what I give you."—Houston Post.

Let Us Hatch 'Em Out for You!

The hatching season is now on and no doubt you will want some early chicks for fryers, broilers or pullets for winter layers. If you want chicks we can supply any amount, but here is something better, you furnish the eggs and we will hatch them out for you at a very low price. By so doing you will not have to wait for the broody hen or fuss with an incubator. Our prices for hatching eggs are as follows:

50 Eggs or more.....3c per egg, \$3.00 per 100
Less than 50 eggs.....4c per egg
Dnck eggs.....\$5.00 per 100, not less than 100 accepted

No discount on large orders, nor will we allow for infer-tiles or non-hatchable eggs. We use standard incubators and give the eggs the best of attention. If the eggs are hatchable we can insure a good hatch.

Air Pressure in Tunnels.
The effects of air resistance are well
shown in the twelve and a half mile
Shimpon tunnel, where an exception-
ally high amount of energy is required
for running the electric trains. The
tunnel, which is fifteen feet wide and
eighteen feet high, with a sectional
area of 250 square feet, has a ventila-
tion current of 3,530 cubic feet of air
per second, maintained by two blast
fans at the bridge end and two ex-
haust fans at the tunnel end. Trains going
with this current encounter less resistance
than in open air up to fifteen and a
half miles an hour, but at higher
speeds or in the opposite direction the
resistance is much greater than out-
side. Costing by gravity down the
seven per 1,000 maximum gradient, a
train, even though going with the cur-
rent, cannot exceed thirty-five miles an
hour on account of the braking by the
air.

Counting a Herring Catch.
The fact that the record catch of
herrings was 320 crans, is proof posi-
tive that they were captured on the
east coast of Scotland. On the west
of Scotland herrings are counted, not
measured. A "cran" of herrings is
five long hundreds, and a long hun-
dred is 123. At Yarmouth and Grims-
by they are counted by the "warp,"
which is four, and thirty-three of these
make a "thousand." Ten hundreds
make a "thousand" and ten "thou-
sands" make a "hundred"—London

TRANSACTIONS IN STOCKS ARE SMALLEST OF THE YEAR

Both Issues of Wabash and Denver
and Rio Grande Stocks Reach
Year's Low Figures.

(By Associated Press.)
New York, Feb. 24.—Transactions
in stocks today were the smallest of
the year. From opening to close
quotations of the important stocks
barely varied. London lower prices
for some members of the international
group and placed a few selling orders
principally in steel. In the railroad
list, stocks of the Gould group were
heaviest. Both issues of Wabash and
of Denver and Rio Grande stocks
reached the year's low figures and
Missouri Pacific was heavy. Rock
Island common and preferred touch-
ed new low records. Weakness also
appeared in several industrial stocks
recently have moved widely including
railway steel spring and Mexican ge-
teum.

**And Plenty of Witnesses Stood Ready
to Testify to It.**

A lawyer in Portland, Ore., was as-
signed to defend a Chinaman accused
of murder. He had a talk with the
official interpreter, who in turn had
talked with the man in jail, and that
earliest person assured the lawyer that
the prisoner was innocent; that at the
time of the crime he had been miles
away in a railroad camp. Later they
went to the jail to have a talk with
the prisoner.

The official interpreter held a long
conversation, the lawyer giving him
the questions. It seemed all straight
and regular. The interpreter insisted
that the prisoner had a perfect alibi.
It was some weeks before the case
was called, and shortly before that
time the lawyer wanted another talk
with the accused man. The official in-
terpreter had disappeared, and so he
sought for his interpreter this time a
Chinaman who had been his cook and
who talked fairly good English. They
went to the jail.

"Tell him," he instructed the inter-
preter, "that I want him to relate to
me again the exact circumstances, all
he knows about this, the whole truth
and particularly where he was that
night."

The two Chinese jabbered together
for fifteen minutes. Then the inter-
preter turned and said, "He says after
he shoot the man he lay down Mollison
street an' throw pistol in McGuire's
fish yard."

"Hold on!" yelled the lawyer. "That
can't be true. Ask him again. Ac-
cording to the other story he was miles
away and didn't shoot the man at all."

There was another long conversation
between the interpreter and the pris-
oner. Then the interpreter said: "Oh,
les; he shoot the man. He say he shoot
him an' lay down Mollison street an'
throw pistol into McGuire's fish yard."

"But," insisted the lawyer, "I was
told he was not in the city at all that
night, but miles away in a railroad
camp."

The interpreter smiled blandly. "He
say," he asserted cheerfully, "he have
plenty witnesses to prove that."—Sat-
urday Evening Post.

WIT OF A MORO UMPIRE.
He Had Learned Our Language Fast
and Knew How to Use It.
Captain John E. Morris of the Sixth
Infantry was at one time, some years
ago, stationed with his company in
some inaccessible Moro town. Morris
thought that if the Moros of his dis-
trict could become interested in some
sporting stunt outside of head hunting
the United States insurance companies'
mortality tables could readily be read-
justed so far as soldiers were concern-
ed, so he encouraged his men to teach
the Moros baseball. When a man is
playing baseball he is not chopping off
heads, and Captain Morris appreciated
this fact.

Two baseball teams were organized,
a Moro team and a team from Morris'
company, and one day the first game of
the series was to be pulled off. The
question of the umpire was the great
one of the moment, and after much
discussion a native Moro was selected
to pass upon the fine points of the
game.

In Filipino "ampro" is properly ex-
pressed as "makifula," and when Cap-
tain Morris arrived on the scene of the
proposed ball game the Moro who was
to be umpire approached him.

"Makifula, me," remarked the Moro.
Captain Morris looked at the native
umpire without in the slightest under-
standing what he was driving at. "I'm
glad you are a 'makifula,'" he remark-
ed, "but please inform me what the
word means."

"Means makifula of Americans," re-
plied the Moro. "Me learn American
language fast."—San Francisco Chron-

RUMORS OF EXPORT SALES RALLY THE PRICE OF WHEAT

Corn Turns Upward in Response to
Western Reports of Good Call
From Feeders.

(By Associated Press.)
Chicago, Feb. 24.—Rumors of
export sales had considerable to do
today with rallying the price of
wheat. Largely in consequence, the
market which early in the session
had been depressed closed steady at
an advance of 1/8c to 1/4c net. Corn
finished with a gain of 1/8c to 1/4c and
oats up 1/8c. For provisions the
outcome was irregular, varying from
2 1/2c to 5c decline to an upturn of 7 1/2c.
According to one authority export
sales by Chicago houses have been
made steadily—some sales by way of
the gulf and some from here to the
Atlantic seaboard.

Ample snow protection for most
of the winter crop was the chief
reason why the wheat market during
the first part of the day could not
escape from bearish control. Corn
turned upward in response to western
reports of a good call from feeders.

A big elevator concern here which
has been short for months went over
the buying side.

The oats trade was on a modest
scale. Prices were governed by the
course of other grain. Lard proved
heavy throughout. Exports of that
product were seriously diminished
compared with a year ago. Other
provisions, although weak at first on
account of a set back in the hog mar-
ket, were afterward restored by
means of a moderate show of sup-
port.

MAKING POOR EYESIGHT GOOD EYESIGHT

You may have excellent vision, and be able to read the smallest type without glasses, but if you have difficulty in discerning objects which your friends see clearly—you certainly need glasses to clear that vision.

But there's no single method of testing, not one instrument that will give you an infallible diagnosis of your trouble—that's why we study and test each case individually upon its merits.

Your satisfaction depends upon our skill and with the glasses we recommend, your eye-sight troubles are certain to be ended for well and good.

HEAD COVERED WITH DRY SCALE

Hair Came Out. Head Itched and Bled. Could Not Attend School. Two Cakes of Cuticura Soap and One Box Cuticura Ointment Cured.

2760 Tamm Ave., St. Louis, Mo. — "My little daughter's head began with a dry harsh scale covering it. First it got a white scale over the top and then it got a dirty brown scab with pus under it. Her hair came out in less than a week and her head itched and bled. She had no rest. I had her wear a scarf all the time. It looked so badly. She was so sore and had such big brown scabs on her head that the teacher would not let her attend school."

"We took and had her treated for three months with no relief. She kept getting worse until I tried Cuticura Soap and Ointment. I used the Cuticura Soap every third day and the Cuticura Ointment at night. After three days the scabs began to come off and new hair to come in. In three weeks her head was well of sores. Two cakes of Cuticura Soap and one box of Cuticura Ointment completely cured her." (Signed) Mrs. Walter Rogers, Nov. 28, 1912.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. A single set is often sufficient. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

ADOLESCENT TYPE.

Paris Now Creates a New Phase of Gown.

AFTERNOON FROCK OF STITCHED MOIRE.

A Parisian chronicler of fashion has dubbed the present sartorial mood of the City of Light "la mode adolescente." Surely this is a very apt description of the costumes being sent over from the other side of the pond. There is a languor and abandon about the lines that suggests the soft, pliant, yielding figure of the adolescent, and in no costume of the season is this phase of the mode more apparent than in afternoon frocks.

This costume is the backbone of every well dressed woman's wardrobe. It meets so many varied engagements of the day. It is charming for an afternoon bridge, for luncheon and for the club meeting or for formal calling.

Illustrated is a delightful example of the daytime gown, carried out in black moire. The striking feature of this model is the machine stitching done in white thread which outlines the bodice, producing a broad effect. This is the last cry in applied designs.

Ears Are Fashionable.

Ears are coming into fashion again. The hair, which for some time past women have worn low with bandeaus, is now brushed back from the face, leaving ears clearly revealed. Earrings are consequently in great favor, the latest thing being large tortoise shell rings or huge drops adorned with bells of gold.

The tiny hat is also modified. It now grips the head under the ears and has three decks, the top one consisting of a mass of supple velvet folded. The tendency is toward the tallest headgear.

Shine on the Serge Office Skirt.

For the business woman who each day presides at a desk and uses a smooth faced office chair, and who soon finds her serge skirt getting that inevitable "shiny look," which sponging and pressing never quite eradicate, there is nothing better than this simple advice:

Always keep on the chair seat a covering of thin, rough leather. This leather seat against the cane or wood will prevent all friction when turning or getting up and down, and the skirt will keep its original finish until worn out.

His Chance.

IN FASHION'S MART.

The tailored suit is indispensable to the well ordered wardrobe.

Small hats of black velvet are trimmed with lustrous moire ribbon.

Draped turbans have returned, and they are more ornamental than ever.

Children's frocks have extremely short bodices snubbed with wide ribbon.

Beautiful shoulder scarfs are made of broad velvet, bordered with fur.

If it has a vest and is cut away in front the mannish suit will pass muster.

The combination of white cloth and silk combined with dark fur is still good.

Medici collars of sheerest lace or tulle are bordered with narrow bands of fur.

Sashes, scarfs, belts and bags are more than ever in the limelight of fashion.

A charming combination is the Dresden silk frock with changeable taffeta jacket.

TIME FOR FILING INCOME TAX SCHEDULES NEAR CLOSE

Reports Must Be in the Hands of Collector J. L. Pickering By March 1st—Attention Again Called to Requirements and Penalties.

Although the time within which to which make report under the income tax law will expire on Saturday of this week many persons having the required net income of \$2,500 for the ten months' taxable period of 1913 have failed to report to the collector of internal revenue or ask for blanks.

This was the information given out recently by J. L. Pickering of Springfield, collector of internal revenue for this district, who stated further that some persons seem to entertain the belief that they are not required to report unless requested to do so or furnished with blanks. This is an error, as every person is required to take notice of the law without any communication from the government. They are furnished blanks upon request. The collector as a matter of accommodation sent blanks to many persons, but he could not know all the persons who were subject to the law.

After March 1, 1914, deputy collectors and inspectors will be sent out to make inquiries and investigate all persons who are supposed on reliable evidence, to have income named above. The law provides for audits and judicial inquiries where the internal revenue authorities are led to believe that the law has not been complied with.

Some Instructions to Tax Payers.

The following are some of the instructions sent to persons subject to the tax by the collector:

1. "This return shall be made by every citizen of the United States, whether residing at home or abroad, and by every person residing in the United States, though not a citizen thereof, having a net income of \$3,000 or over for the taxable year, and also by every nonresident alien deriving income from property owned and business, trade, or profession carried on in the United States by him."

2. "The normal tax of 1 per cent shall be assessed on the total net income less the specific exemption of \$3,000 or \$4,000 as the case may be. (For the year 1913, the specific exemption allowable is \$2,500 or \$3,333.33, as the case may be.) If, however, the normal tax has been deducted and withheld on any part of the income at the source, or if any part of the income is received as dividends upon stock or from the net earnings of any corporation, etc., which is taxable upon its net income, such income shall be deducted from the individual's total net income for the purpose of calculating the amount of income on which the individual is liable for the normal tax of 1 per cent by virtue of this return."

"This return must be filed on or before the first day of March succeeding the close of the calendar year for which return is made."

3. "The penalty for failure to return within the time specified by law is \$20 to \$1,000. In case of refusal or neglect to render the return within the required time (except in cases of sickness or absence), 50 per cent shall be added to amount of tax assessed. In case of false or fraudulent return, 100 per cent shall be added to such tax and any person required by law to make, render or verify any return who makes any false or fraudulent return or statement with intent to defeat or evade the assessment required by this section to be made shall be guilty of a misdemeanor, and shall be fined not exceeding \$2,000 or be imprisoned not exceeding one year, or both, at the discretion

of the courts, with the costs of prosecution."

4. "When the return is not filed within the required time by reason of sickness or absence of the individual, an extension of time, not exceeding 30 days from March 1, within which to file such return, may be granted by the collector, provided an application therefore is made by the individual within the period within the proper period for which such extension is desired."

5. "Expenses for medical attendance, store accounts, family supplies, wages of domestic servants, cost of board, room or house rent for family or personal use, are not expenses that can be deducted from gross income. In case an individual owns his own residence he can not deduct the estimated value of his rent, neither shall he be required to include such estimated rental of his home as income."

The farmer, in computing the net income from his farm for his annual return, shall include all moneys received for produce and animals sold, and for the wool and hides of animals slaughtered, provided such wool and hides are sold, and he shall deduct therefrom the sums actually paid as purchase money for the animals sold or slaughtered during the year."

"When animals were raised by the owner and are sold or slaughtered he shall not deduct their value as expenses or loss. He may deduct the amount of money actually paid as expense for producing any farm products, live stock, etc. In deducting expenses for repairs on farm property the amount deducted must not exceed the amount actually expended for such repairs during the year for which the return is made. (See page 3, item 6.) The cost of replacing tools or machinery is a deductible expense to the extent

that the cost of the new articles does not exceed the value of the old."

"In calculating losses, only such losses as shall have been actually sustained and the amount of which has been definitely ascertained during the year covered by the return can be deducted."

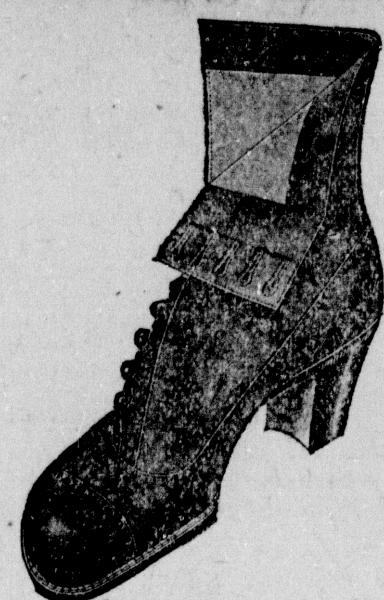

"Persons receiving fees or emoluments for professional or other services, as in the case of physicians or lawyers, should include all actual receipts for services rendered in the year for which return is made, together with all unpaid accounts, charges for services, or contingent income due for that year, if good and collectible."

"Debts which were contracted during the year for which return is made, but found in said year to be worthless, may be deducted from gross income for said year, but such debts can not be regarded as worthless until after legal proceedings to recover the same have proved fruitless, or it clearly appears that the debtor is insolvent. If debts contracted prior to the year for which return is made were included as income in return for year in which said debts were contracted, and such debts shall subsequently prove to be worthless, they may be deducted under the head of losses in the return for the year in which such debts were charged off as worthless."

JEWISH 'FARMERS' WEEK.'

Woodbine, N. J., Feb. 24.—The Federation of Jewish Farmers, which has a considerable membership in New York, New Jersey, Connecticut, Massachusetts and several other states, is holding its annual "farmers' week" gathering here. The program provides for lectures on poultry, dairy and feed crop topics, as well as extensive laboratory and demonstration work.

EGGS IMPORTED FROM CHINA HAVE ARRIVED IN ST. LOUIS

ST. LOUIS, Mo. Feb. 23.—One hundred cases of eggs arrived in St. Louis from China today. They were imported by a local commission dealer under the new tariff law, which admits eggs into this country, free of duty. The commission merchant said he could sell the eggs to retailers at twenty cents a dozen and still make a profit. Eggs for the last week have been quoted here around 26 cents.

The cases contain 36,000 eggs.

A REMINISCENCE.

Yesterday afternoon Benjamin Lorton and James M. Dunlap met in a store when Mr. Dunlap reminded Mr. Lorton of an incident that happened a good many years ago when Mr. Dunlap lived in the country. Mr. Lorton and Ed Whitmer had started out in a cutter and had been stalled several times and finally managed to get as far as Mr. Dunlap's residence and were obliged to crave shelter for the night and as a matter of course it was cordially given them. Both gentlemen remembered the incident though neither could recall the date of its occurrence.

CUBA'S INDEPENDENCE DAY.

Havana, Feb. 24.—Havana today observed its customary holiday in celebration of the 19th anniversary of the declaration of independence and the commencement of the revolution which, with the intervention of the United States, culminated in the freedom of Cuba from Spanish rule. All public offices and many business houses remained closed for the day, while the populace indulged in an elaborate program of festivities.

HIGH SCHOOL DEFEATS ROUTT TEAM IN FAST BASKETBALL GAME

Score is Tied When Time is Called and Extra Time Played to Decide Contest.

In a fast basket ball game at Armory Hall Tuesday night, which required extra time to decide, the Jacksonville High School defeated the Routt College High by a score of 21 to 19. Arrangements have been made for the teams to meet in another contest, this one at Liberty Hall, on March 11.

Coch Buland started the game with the second team but when the opponents had secured 8 points to his team's two after only seven minutes of play, he began putting in the first team men. This did not seem to retard the work of the Routt players, as the score was 15 to 11 in their favor at the end of the second half. In the second half the red and white players gained on their opponents and had evened up the score when the time for the contest had ended. This left the game undecided, the score being 19 to 19, and the teams played until one side scored. The first score, a field basket by Whitlock of the High School, decided the contest, 21 to 19 in favor of the High School.

Walsh, one of the Routt star players, was out of the contest on account of illness and Groves had just returned from two weeks' sickness.

The points were made by the following:
High School—Mayer f., 1 field goal; Pyatt, f., 2 field and 2 foul goals; Reynolds f., 4 field and 1 foul goal; Whitlock, c., 1 field and 2 foul goals. Other High School players who participated in the game were: Hembrough g., Dickson, c.; Wait, f.; Cannon, g., and Pyatt, f.
Routt High—Groves c., 1 field goal; Clancy, 5 field goals; Froelich, 2 field and 3 foul goals. Malone and Becker were the other players. The officials were: Referee Fuller; Timer, Prof. Rayhill; Scorer, Donovan.

NOTICE.

The concert of the D. A. R. which was postponed from February 24, will be given Thursday, Feb. 26, at the school for the blind at 8 o'clock. Each member may invite two guests.

PLEASANT ENTERTAINMENT AT BUSINESS COLLEGE

Masquerade and Spelling Bee Were Important Features of the Program.

Rooms at Brown's Business College presented a merry spectacle last evening on the occasion of the combined masquerade, spelling bee, box social and good time generally. Fun ran riot as the maskers paraded about the apartment. Among the characters there were the cowboy, milkmaid, Miss Primrose with, African, Old man of the sea, Red Riding Hood, Pochahontas, old maid, hay seed, clown, Indian, American, Uncle Sam, Dutch woman old style gentleman, Queen of Hearts, Mephistopheles, court jester, belle, chauffeur, colonial dame, Martha Washington, Chinaman, Devil, cow girl, Columbia, Indian chief, wizard and many miscellaneous.

After the merry makers had had a plentiful supply of fun they were lined up for the spelling match and the contestants showed a good degree of knowledge of orthography. The winner was Miss Hildegard Sibert of this city and the prize was a college pennant.

Then came the sale of boxes and refreshments. The boxes were tastefully prepared and in the hands of the veteran auctioneer, Jerry Cox, brought a good sum of money.

Miss Nelle Ritscher, the teacher of stenotypy in the college, won the cake in a voting contest for the most popular young lady. The pie, as an award to the homeliest young man went to Donald Butler. The two others in the young lady's contest were Miss Ethel Sackman and Miss Marie Walsh. Mr. Butler was cosseted by D. W. Geor. The boxes sold well and the voting contest brought the total proceeds of the evening up to \$50.00.

Refreshments and a general good time ended the program which was a decided success reflecting much credit on the committee of arrangements and all who participated in it.

IDEAL BAKERY STATE ST.

SOCIAL EVENTS.

Comfortably ensconced in two of Cherry's four-horse sleds, twenty five young ladies of the Lambda Alpha Mu society of the Woman's College left at 4:30 Tuesday afternoon for several hours of travel over the snow after which they partook of an oyster supper at the home of Miss Rose Ranson of Mound avenue. The party was chaperoned by Miss Laura McLaughlin and Miss Orpha Van Ness.

The young ladies of the Theta Sigma society of the Woman's college accompanied by Miss Florence Churton of the faculty, took advantage of the sleighing season yesterday afternoon in a most delightful way. They left the college building shortly after the middle of the afternoon, thirty strong, and finished their journey at Batz's cafe where they satisfied the appetite developed by two hours of snowy travel with a spread of substantial viands. They returned to the college at 7:30 well satisfied with that manner of spending an afternoon.

The young ladies of the Clover Leaf Casualty Co., gathered yesterday evening at the home of Miss Seibert of East College avenue and left at 7:30 in a bob sled for a pleasant ride about the city. They enjoyed a luncheon at the Batz cafe before returning to their homes. There were sixteen young ladies in the party.

Dr. and Mrs. W. W. Schermerhorn entertained the members of the Monday euchre club at their home on West College avenue Tuesday evening. The entertainment was very informal and the evening was pleasantly spent in play military euchre, there being nine tables. During the evening refreshments were served.

Misses Goldie Cohen and Helen Obermeyer were hostesses yesterday evening at a delightful sleighing party. The company, fourteen in all, met at the high school and left on their trip at 8:00 o'clock. They partook of a luncheon at Batz's cafe before their return. Miss Deane Obermeyer and Marcy Osborne were the chaperones of the evening.

Mrs. Mary Hegarty, 1402 East Railroad street, entertained a number of her friends yesterday evening at euchre. The gentleman's prize was won by William Thompson and the ladies award by Miss Albie Kiley. The consolation prizes were won by Miss Frye and O. J. Kuchmann. The winner in a contest which Mrs. Hegarty had arranged for her guests was Mrs. O. J. Kuchmann. Refreshments were served at a late hour and the occasion in every respect was a very enjoyable one.

Mrs. William Barr Brown entertained a limited number of friends at a bridge whist party Tuesday afternoon at her home on West State street, in honor of her guest, Miss Emma Potter of St. Joe, Mo. The gathering was informal and during the time a two course spread was served, yellow and white colors being carried out in the refreshments. At cards first prize was won by Mrs. Harry Hay and second prize by Mrs. F. E. Baldwin. The guest prize went to Miss Potter. In every way the hours were delightfully spent. Miss Potter will leave Tuesday for a brief visit in Decatur before returning to her home.

Miss Pauline Toussaint entertained at her home on North Main street, Tuesday evening in honor of her sister, Mrs. A. B. Dunlap. The evening was pleasantly spent with games and music. In the contests prizes were won by Edward Wiegand, George Stoldt, Louis Toussaint and Elmore Stoldt. Delicious refreshments were served.

Those present were Mr. and Mrs. A. B. Dunlap, Esther and Alda Dunlap, Mrs. Theo. Toussaint, Mrs. Charles Toussaint, Louie and Pauline Toussaint, Mr. and Mrs. Herman Ellis, Dorothy and Helen Ellis, Mr. and Mrs. James Ellis, Mrs. George Casterline, Edward Wiegand, Mr. and Mrs. George Stoldt and daughter Elmore.

WITH SICK PEOPLE.

State's Attorney Robert Tillon continues to improve slowly and each day seems to be a little better. He is however still confined to his bed and room, and no visitors are permitted to see him.

Both Dr. and Mrs. Sanford who are spending the winter at Eustis, Florida, have been sick. Mrs. Sanford had an attack of her old time enemy, the gripe, but had partially recovered when the doctor was taken down with a severe cold though his physician insists the case is not serious so far.

Father Crowe who underwent a severe operation a few days ago for gall stones is improving in a gratifying manner.

Mrs. Richard Dye submitted to a minor operation at Passavant hospital yesterday morning and her surgeon, Dr. Carl E. Black says she is doing as well as could be expected.

Mrs. Joseph Cappa continues to improve though rather slowly.

Uncle George Tandy is partially laid up after rather too strenuous exertion with a snow shovel, though he is not in bed.

Charles B. Graff of the Jacksonville National bank is home suffering with throat trouble.

W. G. Goebel, assistant cashier at the Jacksonville National bank, is again laid up. He vented out too soon after his former illness. Alfred G. Crozier of the Jacksonville bakery, who has been indisposed for the past week, was able to return to work Tuesday.

Mrs. Robert Boyd is ill at her home on South Main street.

Mrs. Charles Souza, who has been sick for the past week at her home on North Diamond street, was able to be about yesterday.

MORTUARY

Seymour.

Relatives of Franklin have received word of the death of Ted Seymour at his late home in Rolston, Ia., after an illness of one week with pneumonia. He was the son of Mr. and Mrs. M. S. Seymour, who resides five miles southwest of Franklin. He was born Nov. 23, 1890, being 23 years of age at the time of his death. He was married to Miss Mildred Wessel of Iowa, a year ago last June and she survives him and one son. He also leaves his parents, five brothers, Alfred M., Milton, Ross P., Earl and Robert all of Morgan county and one sister, Miss Lila Seymour, who is a student at the Illinois Woman's college.

Upon hearing of the illness of their son, Mr. and Mrs. Seymour went to Rolston and were there when the end came. The son moved to Iowa about a year ago and was engaged in farming. The body is expected to arrive in Franklin this evening and the time of the funeral will be announced later.

FUNERALS

Bassett.

The funeral of Miss Cassie Bassett was conducted Tuesday afternoon at 2:30 o'clock from the McCabe M. E. church, in charge of Rev. A. E. Miller, assisted by Rev. Mr. DeWitt. The flowers were cared for by Misses Mildred Frey and Nina Taylor. Music was furnished by the choir, Thomas Wagner giving a solo. Interment was made in the Jacksonville cemetery and the bearers were Horace Black, Milton Black, Elmer Jones, Fred Waggoner, Duff Jones and Thomas Wagner.

MILITANT SUFFRAGETTE SENTENCED TO EIGHTEEN MONTHS OF LABOR

London Woman Found Guilty of Arson is Given Severe Sentence by Magistrate.

London, Feb. 24.—Phyllis Brady, a militant suffragette accused of arson, was sentenced to eighteen months' imprisonment at hard labor by a magistrate at the London sessions today despite the jury's recommendation of mercy on the ground that she had been lead astray by older militants. Miss Brady was arrested on the charge on being one of the suffragists who set fire to the residence of Lady White, widow of Field Marshal Sir George White, at Englefield Green, Surrey, on March 20, 1913. She is twenty four years of age and graduated at Cambridge University with honors in mathematics and economics.

AGED GALESBURG WOMAN DIES. Galesburg, Ill., Feb. 24.—Mrs. Katherine Bowser died here today, aged 93 years. Her descendants number ten children, seventeen grand children and thirty-five great-grand-children.

D. O. K.'S HOLD

FIRST CEREMONIAL

Large Number Attend Exercises and Five Candidates Were Given the Work—Capt. McCarty Presented a Gift—Memory of Judge C. A. Barnes Honored.

The first ceremonial for 1914 of the D. O. K.'s was held last night and there was a good attendance despite the fact that many members living outside of the city could not be present. The candidates taken in were John Fieberg, W. H. P. Huber, Dr. W. P. Duncan, Clarence Large and Fred Runkle. The officers in charge of the ceremony were as follows: Royal Vizier, Judge F. E. Baldwin, Grand Emir, M. E. Gilbert; Shiek, J. W. Kettle; Mahidi, R. I. Dunlap; Satrap, H. L. Barrows; Sahib, C. B. Magill; Mokanna, Judge E. P. Brockhouse, Sec., Jay Rodgers, Joe L. O. Vaughn; Treasurer, John S. Shepard; Sepulcher of sin, Tolphi, Jas. I. Graham; Victim, R. I. Dunlap; Mahidi, L. B. Turner; Imps, Ernest Stout, Henry Hein; Keeper of Desert, Edward Whitmore.

The work was put on in a splendid manner, and McCarty's Arabs gave a special drill which was highly commendable. Part of the exercises of the evening consisted of the presentation to Capt. McCarty of the drill team by Royal Vizier, L. B. Turner, a beautiful silver whistle, appropriately engraved, to which Capt. McCarty gave a happy response.

Some special music was provided by the D. O. K. orchestra composed of John Kearns, director, M. E. Gilbert, Wilbur Jeffries and A. J. Donovan. The Khorassan quartet was composed of Frank Braewell, Charles Sheppard, M. E. Gilbert and Wilbur Jeffries. A. J. Donovan acted as pianist. J. K. C. Pierson exemplified the secret work and some beautiful electrical effects for the occasion were secured by G. A. Sieber.

The committee on membership is composed of De Mott Gates, chairman; John Shepard, B. C. Lair, H. Linderman, Charles Knollenberg, John Kastrop and John Reuter were master of properties and the decoration committee was composed of G. A. Faugust, chairman, W. Alquist and Pearl Hughes. Votary Hanners of Springfield was present and made a suitable address. Part of the exercises of the evening was in memory of the late Judge Charles A. Barnes, when work was suspended for half an hour and a short address was given by J. J. Reeve. There was some special music and all stood with bowed heads while Rev. Walter E. Spoons led in prayer.

A banquet was served at 6 o'clock and a splendid cafeteria lunch during the evening. The banquet committee was composed of A. R. Taylor, chairman, Edward Tendick, J. F. Kellogg and Frank Tendick.

MATRIMONIAL

Hadfield-Spires.

Relatives and friends in the city have received word of the marriage of Miss Edna Spires and Mr. Charles B. Hadfield, both of Peoria. The ceremony took place a week ago yesterday in Springfield, Rev. Mr. McLeod, pastor of the Presbyterian church officiating.

The bride is the daughter of Mrs. Mollie M. Spires of Peoria and she is a cousin of Miss Carrie Spires of Jacksonville. She has been employed in the Inter-State Telephone company office in Peoria and Mr. Hadfield has been the local manager for the Peoria office. They went to Springfield to attend the annual meeting of telephone officials and operators and while there concluded to get married. Both are estimable young people and the bride has many friends in this city who will wish her well. They will reside in Peoria.

Watson-Brown.

Mr. Charles Wesley Watson and Miss Margaret Elizabeth Brown both of this city, were united in marriage Tuesday evening at 8 o'clock. The ceremony was performed at the rectory of the Church of Our Savior, Rev. Father Formaz officiating. The couple was accompanied by James J. Brown of this city and Miss Anna E. Brown of Litchfield.

The bride is the daughter of William Brown of South Clay avenue and is a young lady of many accomplishments, has many friends and is well adapted to preside over a home. The groom is the son of Isaac Watson and is well and favorably known in Morgan county. He was for a number of years proprietor of the Watson laundry in this city. After the ceremony the wedding party went to the home of the bride where a five course dinner was served.

Mr. and Mrs. Watson will be at home to their friends March 1, on a farm near Pleasant Plains, recently acquired and furnished for their occupancy.

Irish-Brinkworth.

The marriage of Mr. Frank V. Irish of Toledo, Ohio, and Miss Catherine N. Brinkworth of Buffalo, New York, took place Tuesday afternoon at the parsonage of Trinity Episcopal church, the rector, Rev. H. R. Neely officiating. The young people live a great many miles apart, so agreed on Jacksonville as the meeting place where they would wed. The groom is an electrician by occupation and they expect to make their home in Omaha.

FIFTY THOUSAND CHICAGO WOMEN CAST FIRST VOTE

(Continued from Page One.)

Each party nominated ten candidates. On the Progressive list is one woman, Mrs. Grace Hubbell. Progressives say their vote was very small because, under the primary law, they could not vote for their own ticket today as they had voted in a primary of some other party within two years.

Few Vote in E. St. Louis. St. Louis, Mo., Feb. 24.—Only forty-nine voters of East St. Louis, Ill., and not one of them a woman, took the trouble to go to a polling place and cast a ballot in the municipal primary election in that city today. In thirty out of the forty-three precincts not a vote was cast.

Women Outvote Men. Galesburg, Ill., Feb. 24.—Women cast 1,300 votes today, of the total of 2,700 cast in the city primaries. In some precincts women outvoted the men.

Few Quincy Women Vote. Quincy, Ill., Feb. 24.—Fewer than 300 women of the 5,500 who voted at the commission form election recently went to the polls today. The only contests were among the Democratic candidates for aldermen in four wards and the apathy was general.

CANADIAN MINING MEN MEET. Montreal, Feb. 24.—The committee in charge of local arrangements is in receipt of advices indicating a large attendance at the annual meeting of the Canadian Mining Institute to be held in this city next week. Leading mining engineers from Porcupine, Cobalt and other mining centers of Canada and also from the United States will present papers. The sessions will begin next Wednesday and continue three days.
